2020 CoC Competition

Funding Priorities Recommendation

HUD CoC Competition Background

- HUD awarded approximately \$2.1 billion as part of the 2019 CoC Competition for new and renewal projects.
- Montgomery County was eligible to apply for renewal funding of \$8,982,609 plus an additional \$449,130 for a CoC bonus project and \$350,357 for a Domestic Violence bonus project.
- CoCs are required to prioritize projects using a two-tiered system. Tier 1 is estimated to be 94% of Annual Renewal Demand (ARD) and Tier 2 is equal to 6%.
- HUD continues to encourage CoCs to create new projects through Reallocation.

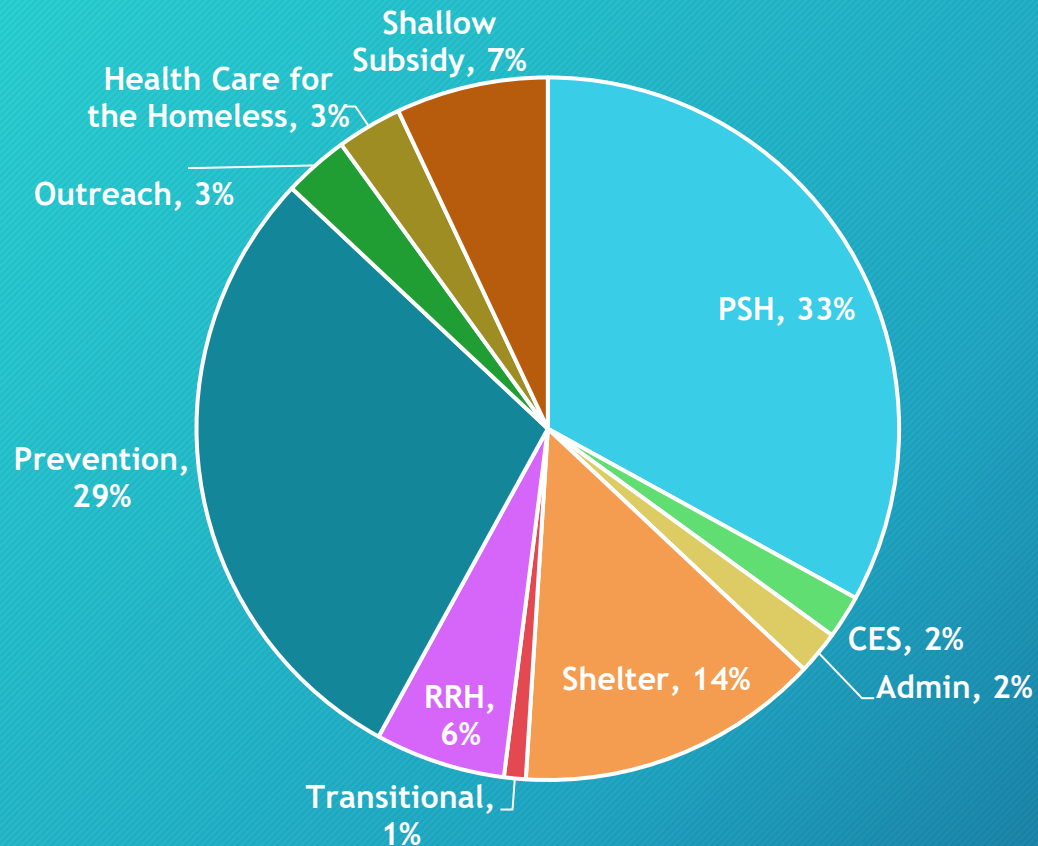

2017 Gap Analysis Recommendations

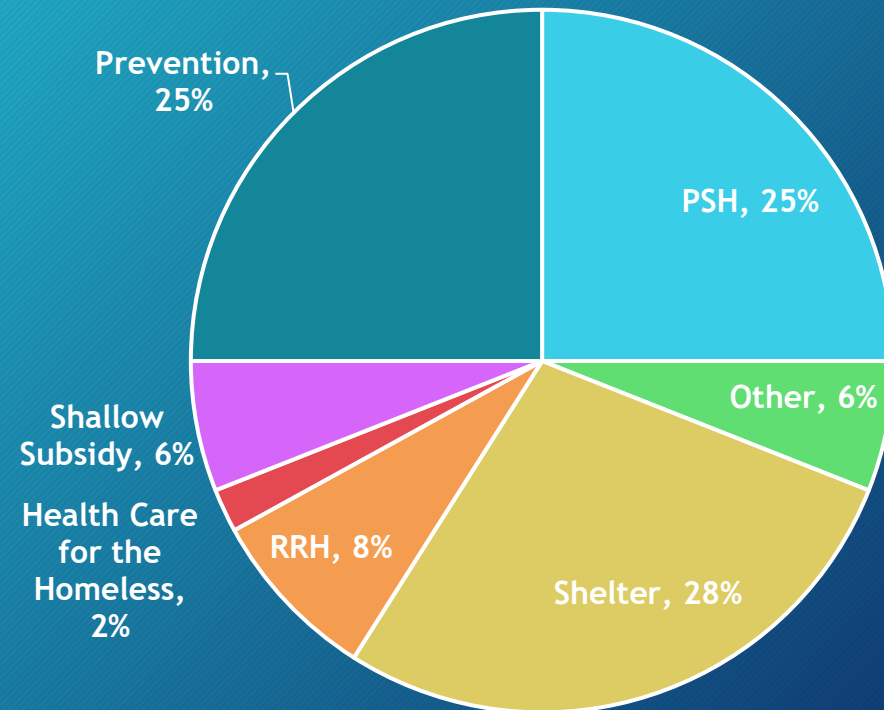

- Scale Rapid Rehousing to 450 units over the next 3 years
 - Added 200 units of RRH
- Refine Diversion and Prevention programs
 - Fully implemented homeless diversion for families. Provided training to the CoC providers and have started implementing diversion for individuals.
- Expand Housing First Permanent Supportive Housing
 - Through the 2018 HUD CoC competition, 21 units of PSH were added.
- Expand Rental Assistance Program
 - Changes to current regulations have been drafted but funding has not been secured.
- Expand Housing Initiative Program
 - The program was expanded by 240 units.

Budget by Project Type

FY20 CoC Budget

Anticipated FY21 Budget with COVID Expenses

Impact of COVID on Funding and Programming

- In order to adhere to CDC shelter guidance around social distancing and bed spacing as well as move at risk households in hotel costs have increased for emergency shelter. These modifications are likely to last throughout the remainder of the fiscal year leading to an increase of as much as 168%.
- While costs have increased due the pandemic, the CoC has also received additional funding to meet the needs of people experiencing homelessness and those most at risk of becoming homelessness.
 - \$1M for the COVID Rent Relief Program
 - \$1M for diversion and rapid exit from shelter. Targeted to households currently experiencing homelessness and those in informal housing arrangements
 - \$1M in ESG for Rapid Rehousing*
 - \$1.5M in Housing Initiative Program for housing stabilization services

Status Update on Subpopulations

Zero: 2016 Veterans

- Existing resources of Permanent Supportive Housing, Rapid Rehousing, and HUD-VASH vouchers are adequate to meet the needs.

Chronic Homelessness

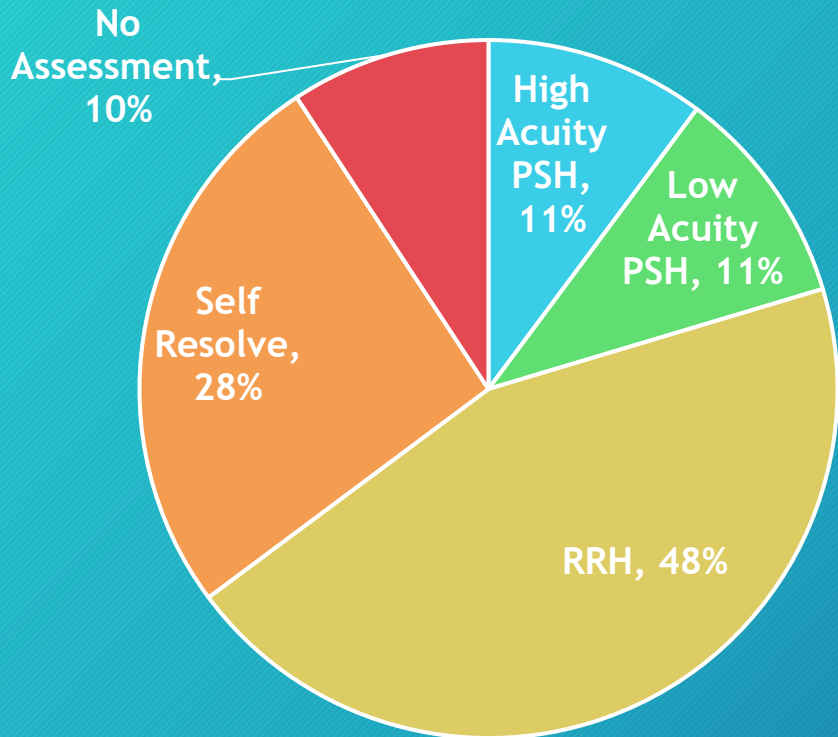

- The County Executive has provided an additional \$1 million in FY20 budget for permanent supportive housing to sustain our efforts to end chronic homelessness.
- Through the CoC participation in the state Medicaid Waiver pilot and the increase to the base budget, the Housing Initiative Program increased the number served by 40 households.

Anticipated HUD CoC priorities

HUD typically funds the following project types:

- Permanent supportive housing
- Rapid Rehousing
- Joint transitional/ rapid rehousing
- HMIS staff
- Coordinated Entry staff

New funding for households fleeing domestic violence

- Permanent supportive housing
- Rapid rehousing
- Joint transitional/ rapid rehousing

Other Potential Funding Sources

- Rapid Rehousing
 - Likely to see more ESG-COVID funding this year
 - Some local COVID funding available
- Prevention/ Diversion
 - Likely to see more CDBG-COVID funding this year
 - Some local COVID funding available
 - Local Emergency Assistance Relief Payments
- Permanent Supportive Housing
 - Potential increase in Medicaid Waiver for supportive services funding

Strategic Plan Expected Outcomes

- Increase PSH by 100 units
- Increase RRH by 350 units (added 100 units through new funding)

Other Factors to Consider

- Increase in Unsheltered Homelessness from 2019 to 2020
- Permanent Supportive Housing is expensive and should be reserved for those with the greatest needs
- Rapid Rehousing reduces the length of time homeless and is more cost effective than transitional housing

DHHS- SEPH Recommendations for HUD CoC Funding Priorities

- Continue renewal funding for both permanent supportive housing and rapid rehousing.
- If a DV bonus is available, prioritize rapid rehousing projects.
- If bonus funding or funding through reallocation is available, prioritize new PSH projects.
