- ❖ High Acuity and LOS are not directly correlated
- ❖ Lots of clients with the same level of need compete for the same limited resources.
- ❖ Black Non-Hispanic clients make up the biggest group (304 clients) with an average acuity of 67
- ❖ White Non-Hispanic clients make up the 2nd biggest group (95 clients) with an average acuity of 81

QUESTIONS?

OPPORTUNITIES

Just a

reminder!

**WE
CAN
DO
HARD
THINGS**

Based on the data and information you have heard today, what do you think is getting in our way?

What do you think are our opportunities? How can we accomplish our goal?

What are some major lanes of work that we need to embark on to achieve our goal?

Who else needs to be involved?

What else would you like to know to inform our work to end homelessness?
