

# PUBLIC MEETING

## New Bioretention Stormwater Management Facility Planned for Little Falls Library

Join the Montgomery County Department of Environmental Protection to learn about a project to install a new bioretention stormwater management facility at Little Falls Library (see map on back for location). Conceptual project plans will be presented at the meeting. Nearby residents, library patrons or other interested citizens are encouraged to attend and provide any comments or concerns about the proposed project.

**May 1, 2014**

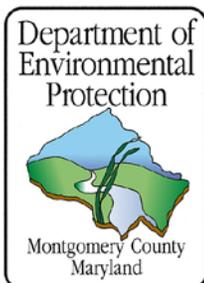

7:00pm - 8:30pm

Little Falls Library

Meeting Room (downstairs)

5501 Massachusetts Ave

Bethesda, Maryland 20816
