

Changes For Montgomery County Gas Stations

Gas station price bill signed into law

Montgomery County Bill 7-23 signed into law on April 10, 2023, requires Montgomery County gas stations to display the credit price clearly and visibly on their signs. This law aims to promote transparency and fairness in business operations.

Transparent Pricing = 2 Different Prices

1. The lowest price for regular gasoline sold on the premises as required by state law; and,
2. The credit price for gasoline, which is the highest total amount (including any fees) a customer would pay using non-cash methods like credit cards.

Takes Effect on October 10th, 2023.

These changes are expected to be in place by October 10th, 2023 and will remain in effect with a review happening in seven years.
