

HMA Notice of Interest (NOI)

Please complete this form to indicate your interest in pursuing an activity under one of the FEMA Hazard Mitigation Assistance (HMA) grant programs administered by MDEM. Completed NOIs will be reviewed by MDEM to determine basic applicability for the three (3) HMA programs as available.

Building Resilient Infrastructure and Communities (BRIC) - This grant is designed to promote mitigation measures to reduce community disaster risk and disaster risk awareness. It is nationally competitive.

Flood Mitigation Assistance (FMA) - This grant caters to flood-prone communities registered in the NFIP (National Flood Insurance Program). It is nationally competitive and tends to prioritize repetitive loss (RL) and severe repetitive loss (SRL) projects. Communities must be in good standing with the NFIP and the property must have an active NFIP policy.

Hazard Mitigation Grant Program (HMGP) - This grant is designed to fund plans and projects that aim to reduce long-term community disaster risk. This funding source is only activated following a Presidential Disaster Declaration.

Submission of an NOI does not guarantee future approval of awards.

* Indicates required question

Email *

Sub-applicant Name (The entity that will submit the project application) *

Point of Contact Name and Title *

County/Community/Organization Name where mitigation activity will take place (if different than the sub-applicant)

Approximate Project Address (If the project is for single or multiple locations, include the address/coordinates). *

Title of Hazard Mitigation Activity. Please include the location in the title. Example: Wicomico County 123 Main St. Elevation. *

When does your FEMA-Approved Hazard Mitigation Plan (HMP) expire? *

HMA Program Preference *

Building Resilient Infrastructure and Communities (BRIC)

Flood Mitigation Assistance (FMA)

Hazard Mitigation Grant Program (HMGP)

*Please note there are currently no open disasters for Maryland

Unsure

Activity Type (Please select one. Refer to [FEMA FY 2023 HMA Guidance, pages 71-73](#), for project type details.)

Property Acquisition and Demolition

Structure Elevation

Mitigation Reconstruction

Floodproofing of Historic Residential Structure

Generator/Emergency Power Back Up

Localized Flood Risk Reduction

Non-localized Flood Risk Reduction

Structural Retrofitting

Non-structural Retrofitting

Wind Retrofit

Infrastructure Retrofit

Soil Stabilization

Hazard Mitigation Planning

Capacity and Capability Building (Project Scoping, building codes, partnership building, etc.)

Other

Is this activity include in an approved local hazard mitigation plan? If yes, please describe the mitigation action proposed. If no, the project may be considered ineligible. *

What hazard(s) does the activity mitigate? (May include: earthquake, flooding, sever storm, landslide, wildfire, tornado, hurricane, DFA, etc.) *

Is the community in good standing with the [NFIP](#)? *

- Yes
- No

Is this property insured under the National Flood Insurance Program? (Structure projects only) *

- Yes
- No
- Unsure
- N/A

Are there organizations that you have partnered with? If yes, please list the organization (s) and explain their role in the proposed project. *

What is the total cost estimate for the project? (Please enter the cost in dollar amount \$xx,xxx; a Rough estimate is acceptable.) *

What is the timeframe for this project? (Please enter the timeframe in months; a Rough estimate is acceptable). *

Please provide potential funding sources for your non-federal cost-share (25% minimum). *

Has the Local Emergency Management Office been made aware of this project application? *

- Yes
- No
- Unsure

Have you applied, plan to apply, or received any funding from another agency/source for the project? If yes, please include agency/source name, year and project scope. *
