#### OIG Issues New Four Year Work Plan

Rockville, Maryland – Montgomery County Maryland Inspector General (IG) Megan Davey Limarzi announced today the release of the Office of the Inspector General’s (OIG) work plan and projected budget for November 2025 through July 2029, [Work Plan & Projected Budget November 2025-July 2029](#). The work plan presents areas of planned engagement in the next four years as well as the projected budget and staff needed to accomplish that work. The work plan includes work across multiple County departments and agencies including Montgomery County Public Schools (MCPS).

All projects included in the Plan incorporate diversity, equity, inclusion and accessibility (DEIA) considerations and support the OIG’s strategic goals, which include: performing proactive work that is relevant and enhances the efficiency and effectiveness of County programs and services; meeting its statutorily prescribed audit mandate; responding to hotline complaints; and performing outreach to deter and detect fraud, waste, and abuse. IG Limarzi noted that “the intent of this plan is to focus our efforts on areas where our work can be most valuable while also meeting our mandate to audit all principal offices and departments, and provide county residents and leaders with independent, unbiased analysis.” She also challenged all to “continue to remember our collective duty to *gardez bien* (guard well) this wonderful County and its many resources by advancing the goals of transparency, accountability, and good governance.”

Montgomery Code §2-151 requires the Inspector General submit to the County Executive and County Council a work plan and projected budget for their entire term. Mrs. Limarzi was previously unanimously reappointed as Montgomery County’s Inspector General and began her second term on July 1, 2025.
