[How to Use this Page](#)

### FY15 - FY20 Fiscal Plan Summary

	FY15 Amount (\$ millions)	Average Annual Growth Rate	FY20 Amount (\$ millions)
<b>Revenue</b>	<b>\$4,318</b>	<b>3.2%</b>	<b>\$5,059</b>
<b>Non-Operating Expenses</b>	<b>\$433</b>	<b>10.2%</b>	<b>\$703</b>
<b>Resources Available for Agency Use</b>	<b>\$3,885</b>	<b>2.3%</b>	<b>\$4,356</b>
MCPS	\$2,138	-	-
Montgomery College	\$245	-	-
MNCPPC	\$112	-	-
County Government	\$1,390	-	-
<b>Surplus / Deficit</b>	<b>\$0</b>	<b>-</b>	<b>\$0</b>

*No changes may be made to the data shown on this page.*

Every year, the County Executive recommends, and the County Council approves, a “Fiscal Plan” for the upcoming six years. The fiscal plan includes revenue and expense estimates for the upcoming six fiscal years. This page summarizes the most recent Fiscal Plan assumptions.

[Table of Contents](#)
[Next](#)

# FISCAL PLAN SUMMARY PAGE

**Interactive Fiscal Plan: Fiscal Years 2015-2020**

Source: Office of Management & Budget

**Fiscal Plan Summary** | County Resources | Dashboard | Balance Sheet

**How to Use this Page** | **FY15 - FY20 Fiscal Plan Summary**

	FY15 Amount (\$ millions)	Average Annual Growth Rate	FY20 Amount (\$ millions)
<b>Revenue</b>	\$4,318	3.2%	\$5,059
<b>Non-Operating Expenses</b>	\$433	10.2%	\$703
<b>Resources Available for Agency Use</b>	\$3,885	2.3%	\$4,356
MCPS	\$2,138	-	-
Montgomery College	\$245	-	-
MNCPPC	\$112	-	-
County Government	\$1,390	-	-
<b>Surplus / Deficit</b>	\$0	-	\$0

The term, “revenue,” refers to tax payments, fees for services, fines, State aid, and other funds received by the County. This model excludes “non-tax supported revenue,” that is, revenue raised for a specific, designated use (such as permitting fees that, by law, must be spent only on permitting related functions.)

# FISCAL PLAN SUMMARY PAGE

**Interactive Fiscal Plan: Fiscal Years 2015-2020**

[Fiscal Plan Summary](#)
[County Resources](#)
[Dashboard](#)
[Balance Sheet](#)

Source: Office of Management & Budget

[How to Use this Page](#)
**FY15 - FY20 Fiscal Plan Summary**

	FY15 Amount (\$ millions)	Average Annual Growth Rate	FY20 Amount (\$ millions)
<b>Revenue</b>	\$4,318	3.2%	\$5,059
<b>Non-Operating Expenses</b>	\$433	10.2%	\$703
<b>Resources Available for Agency Use</b>	\$3,885	2.3%	\$4,356
MCPS	\$2,138	-	-
Montgomery College	\$245	-	-
MNCPPC	\$112	-	-
County Government	\$1,390	-	-
<b>Surplus / Deficit</b>	\$0	-	\$0

The term, “non-operating expenses,” refers to spending obligations that the County must pay (such as debt service) to fulfill its fiscal obligations. Further explanation of these expenses appears on the Non-Operating Expenses page.

# FISCAL PLAN SUMMARY PAGE

**Interactive Fiscal Plan: Fiscal Years 2015-2020**

Source: Office of Management & Budget

**Fiscal Plan Summary** | County Resources | Dashboard | Balance Sheet

**How to Use this Page** | **FY15 - FY20 Fiscal Plan Summary**

	FY15 Amount (\$ millions)	Average Annual Growth Rate	FY20 Amount (\$ millions)
<b>Revenue</b>	<b>\$4,318</b>	<b>3.2%</b>	<b>\$5,059</b>
<b>Non-Operating Expenses</b>	<b>\$433</b>	<b>10.2%</b>	<b>\$703</b>
<b>Resources Available for Agency Use</b>	<b>\$3,885</b>	<b>2.3%</b>	<b>\$4,356</b>
MCPS	\$2,138	-	-
Montgomery College	\$245	-	-
MNCPPC	\$112	-	-
County Government	\$1,390	-	-
<b>Surplus / Deficit</b>	<b>\$0</b>	<b>-</b>	<b>\$0</b>

“Resources Available for Agency Use” equals Revenue minus Non-Operating Expenses. The Council allocates these resources among four agencies: Montgomery County Public Schools (MCPS), Montgomery College, Maryland-National Park and Planning Commission (MNCPPC), and the County Government.

# FISCAL PLAN SUMMARY PAGE

# DASHBOARD

*This page shows changes in Fiscal Plan assumptions made on other pages of the model.*

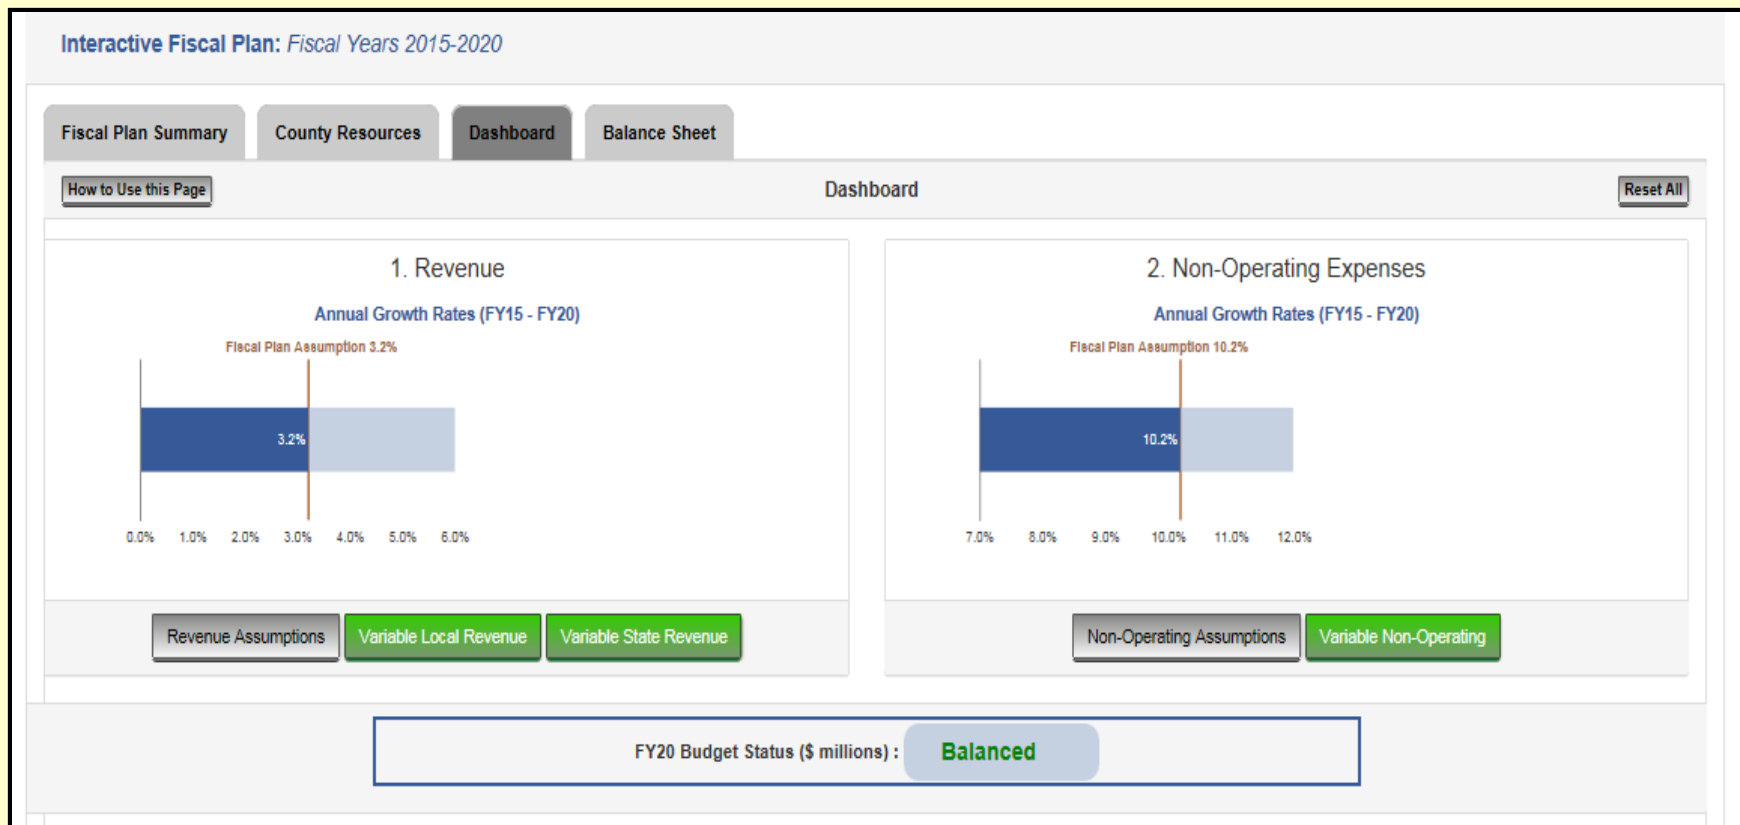

The “Dashboard” page summarizes all assumptions inputted into the model. The bar graphs on this page change when you adjust assumptions in the model.

## DASHBOARD (Top Half)

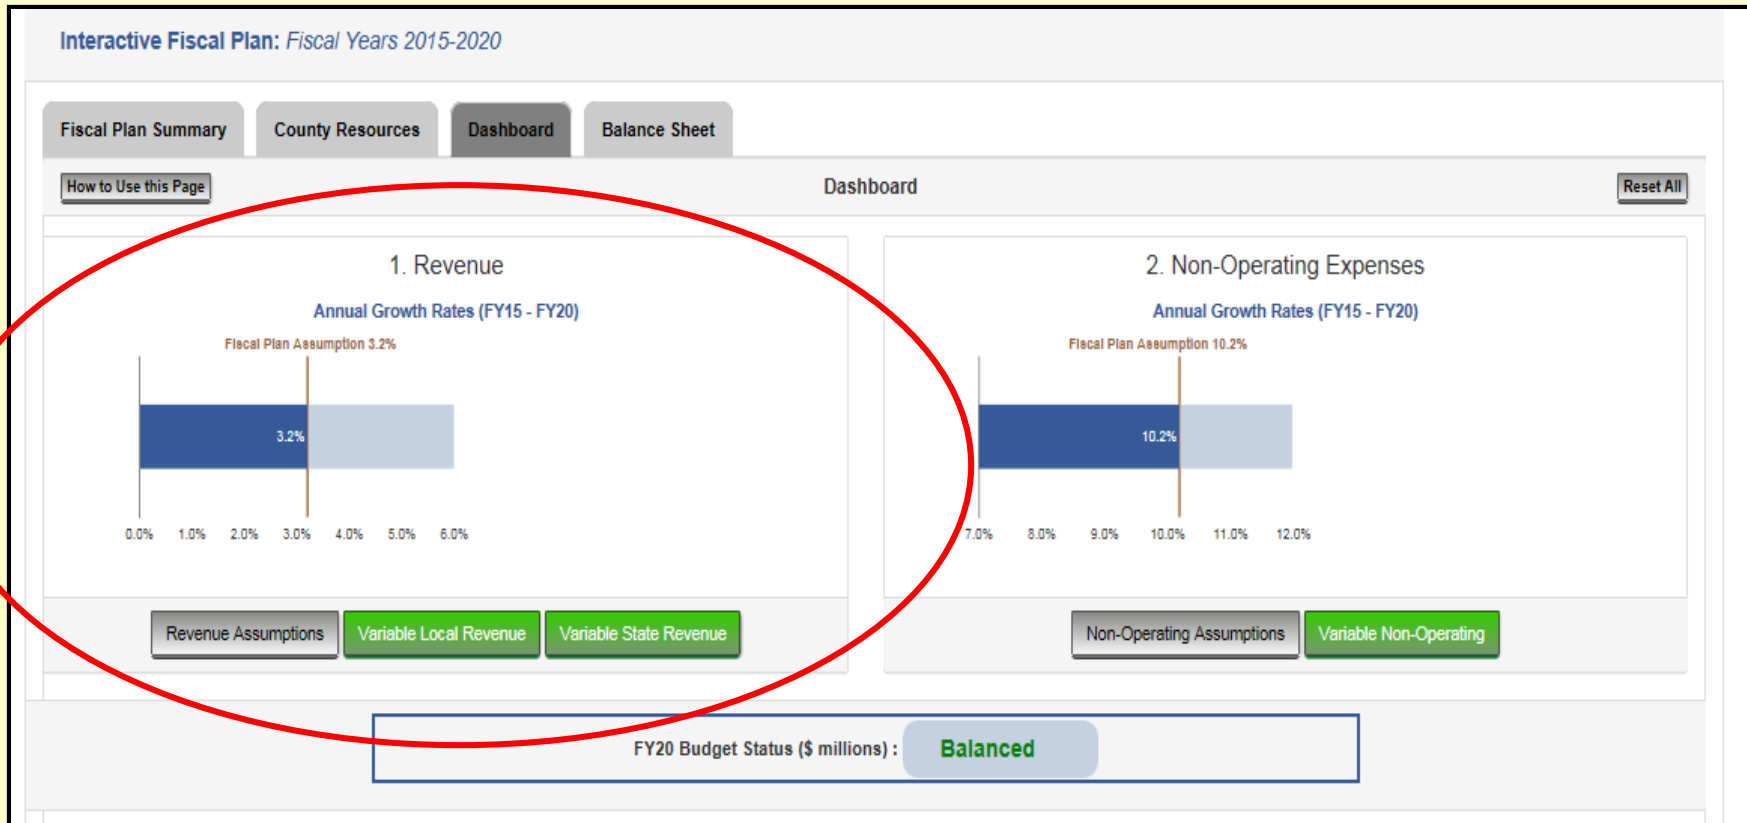

The view above shows the top half of the Dashboard page. When using the model, scroll down to see the bottom half.

# DASHBOARD (Top Half)

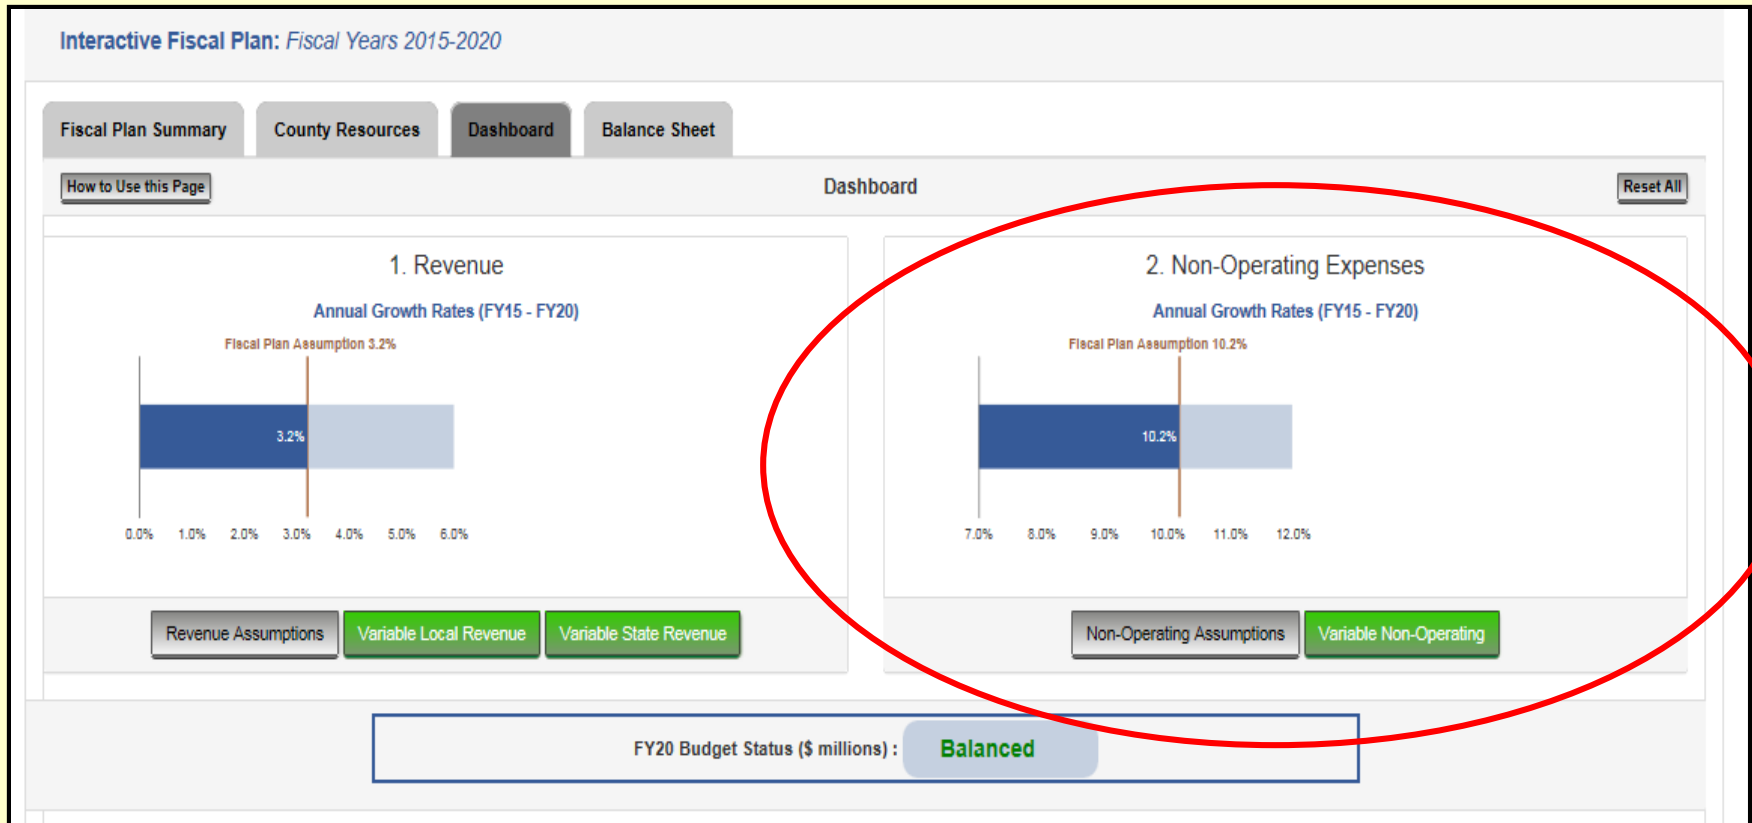

The “Dashboard” page includes four panels. The first two panels appear in the top half of the Dashboard as shown above.

# DASHBOARD (Top Half)

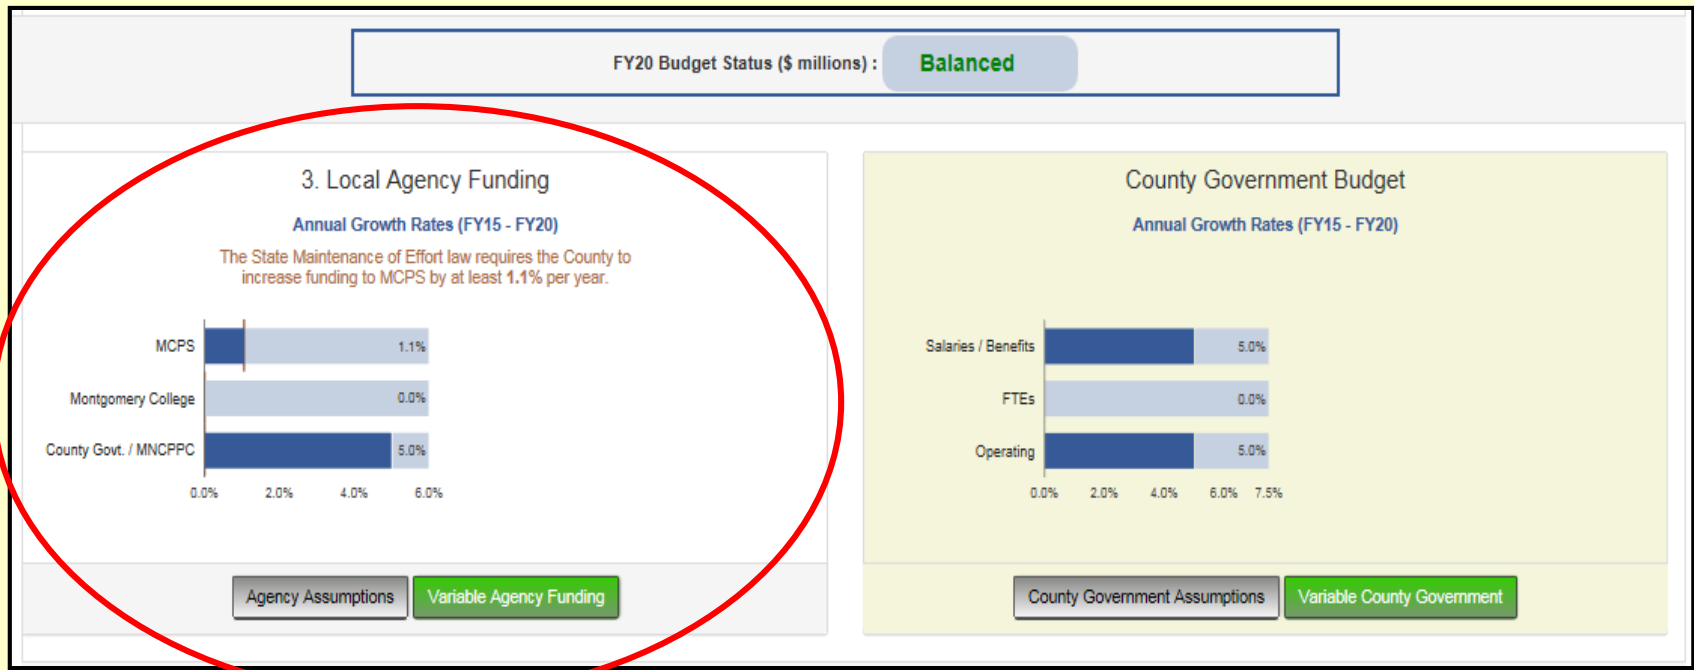

Panel #1 shows Revenue assumptions.

# DASHBOARD (Top Half)

Panel #2 shows Non-Operating Expenses assumptions.

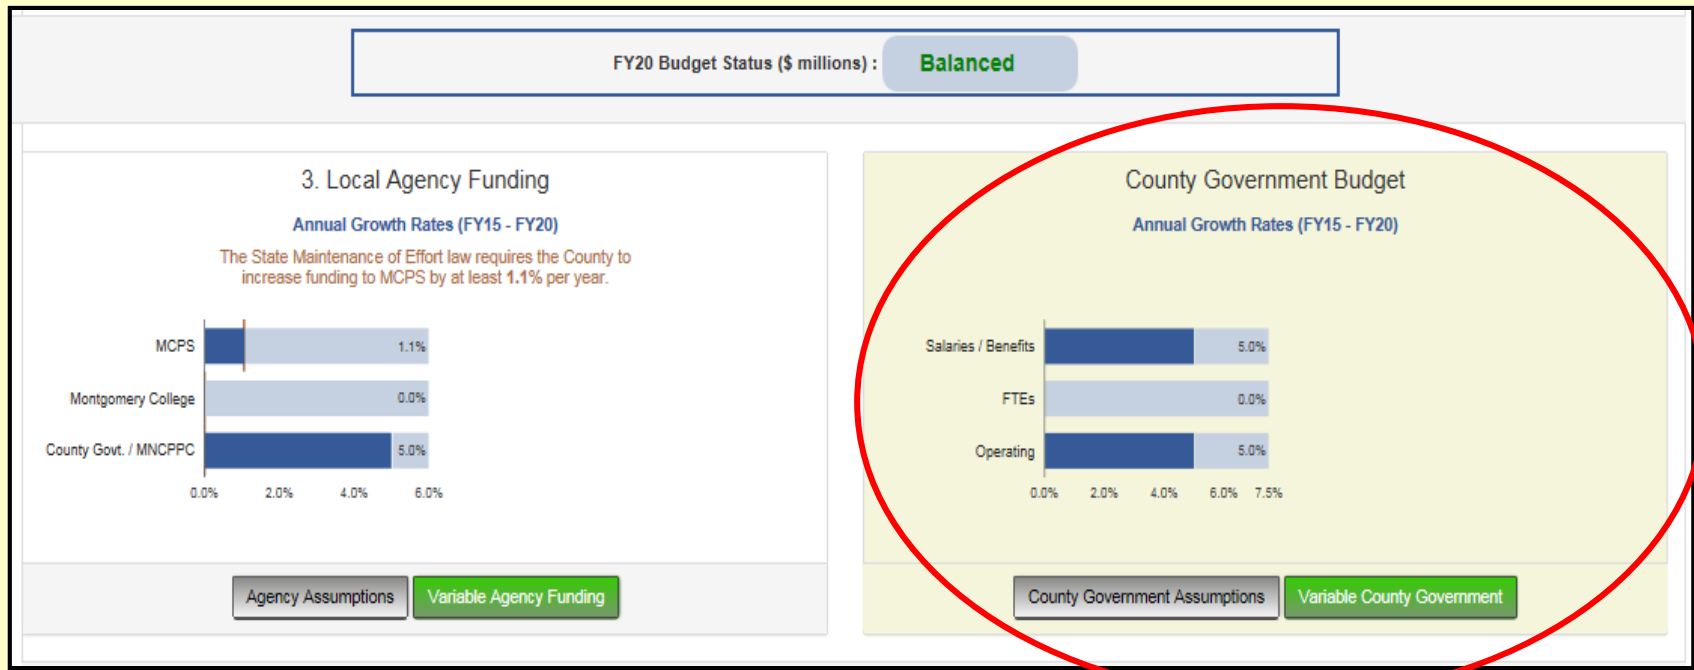

## DASHBOARD (Bottom Half)

Two additional panels appear on the bottom half of the Dashboard.

Panel #3 shows the average annual growth rates in agency funding. The default setting for MCPS and Montgomery College is at the “maintenance of effort” (“MOE”) level. MOE is defined in the Agency Funding section of this manual.

## DASHBOARD (Bottom Half)

The fourth panel shows the average annual growth rates for major elements in the County Government budget. As detailed later, this section of the model does not include an independent set of assumptions but rather is a subset of the assumptions for County Government funding level in Panel #3.

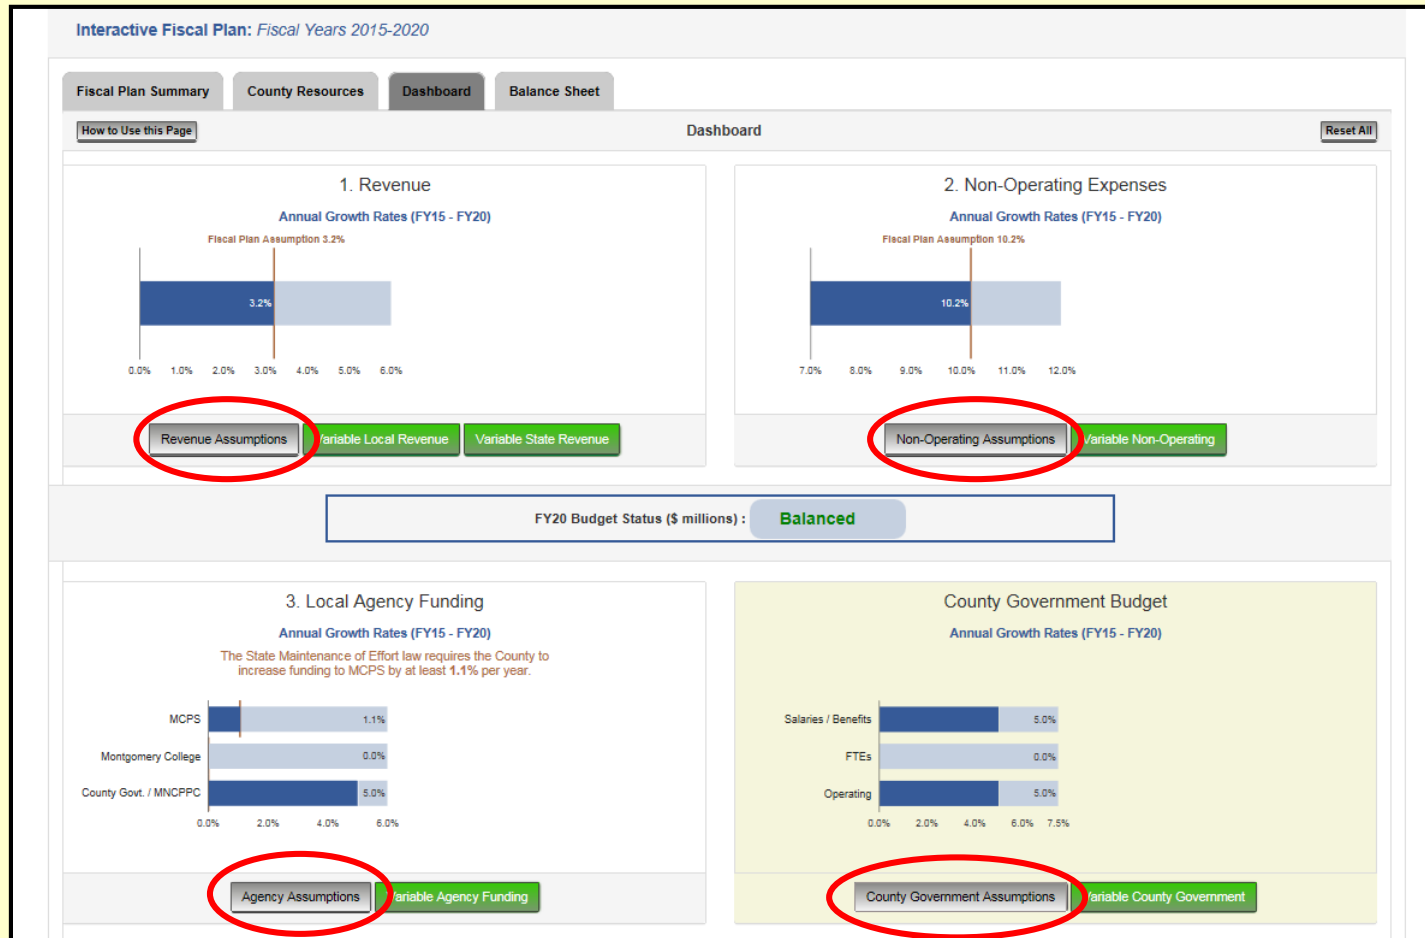

# DASHBOARD

Gray and green buttons appear on the bottom of each panel.

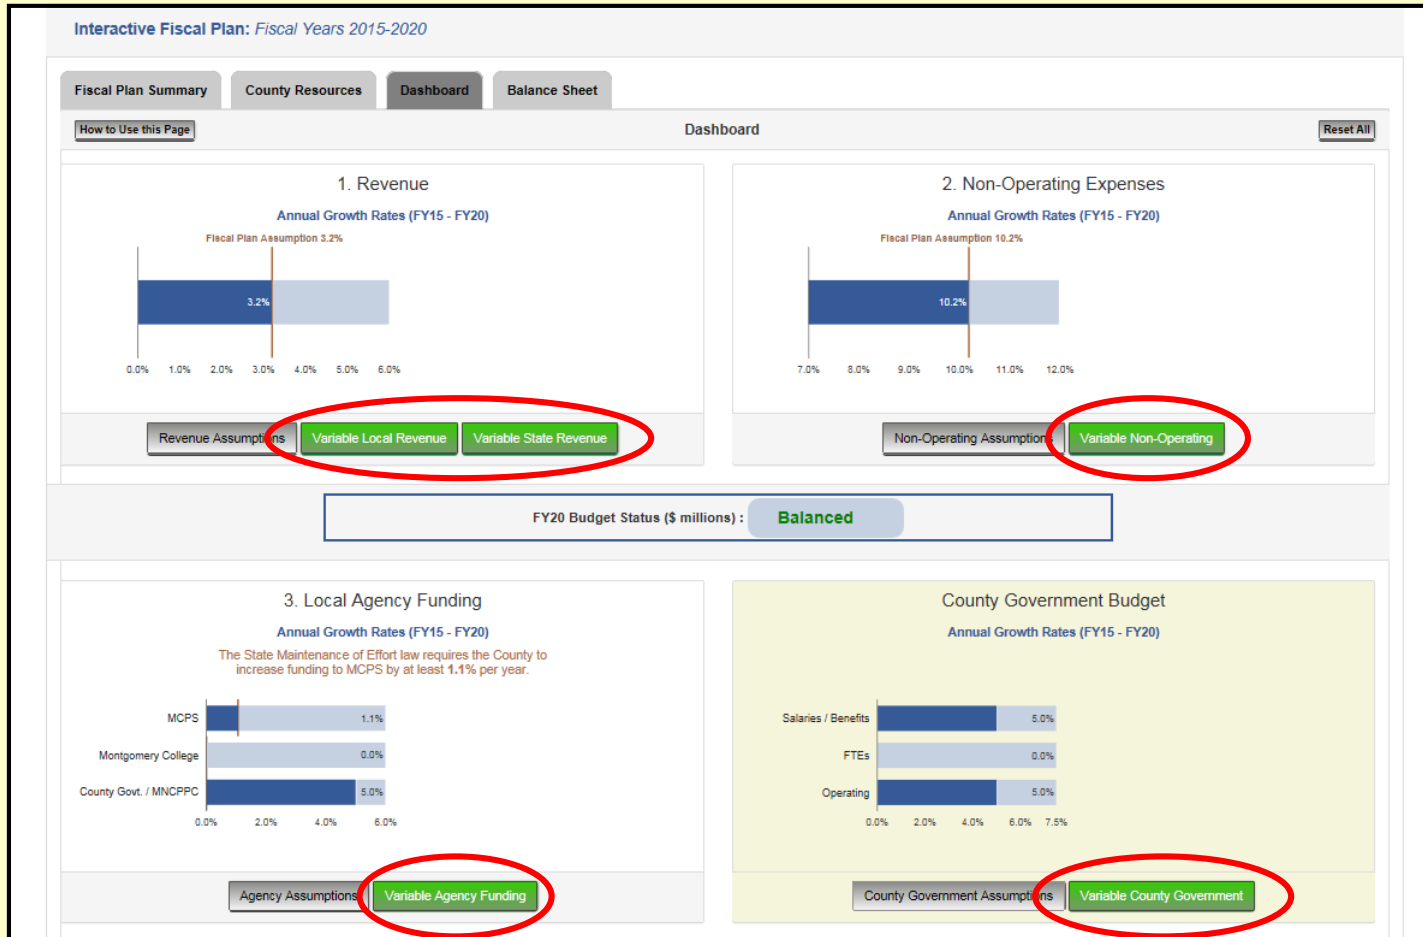

# DASHBOARD

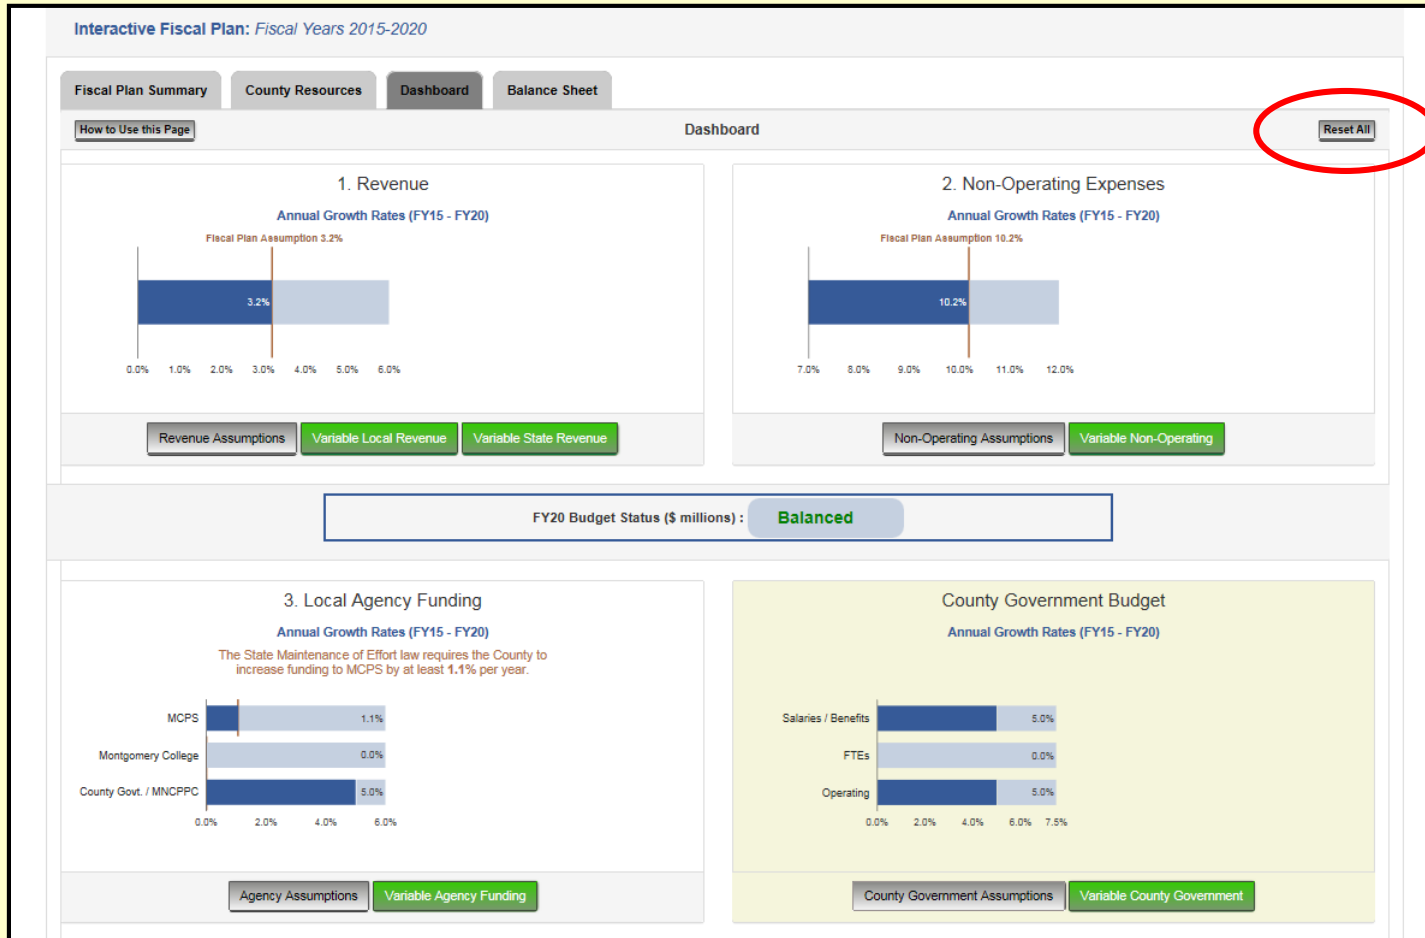

The gray buttons open pages that show the default assumptions entered into the model. (Unless stated otherwise, the default assumptions are taken directly from the Fiscal Plan.) These pages contain static information that cannot be changed.

# DASHBOARD

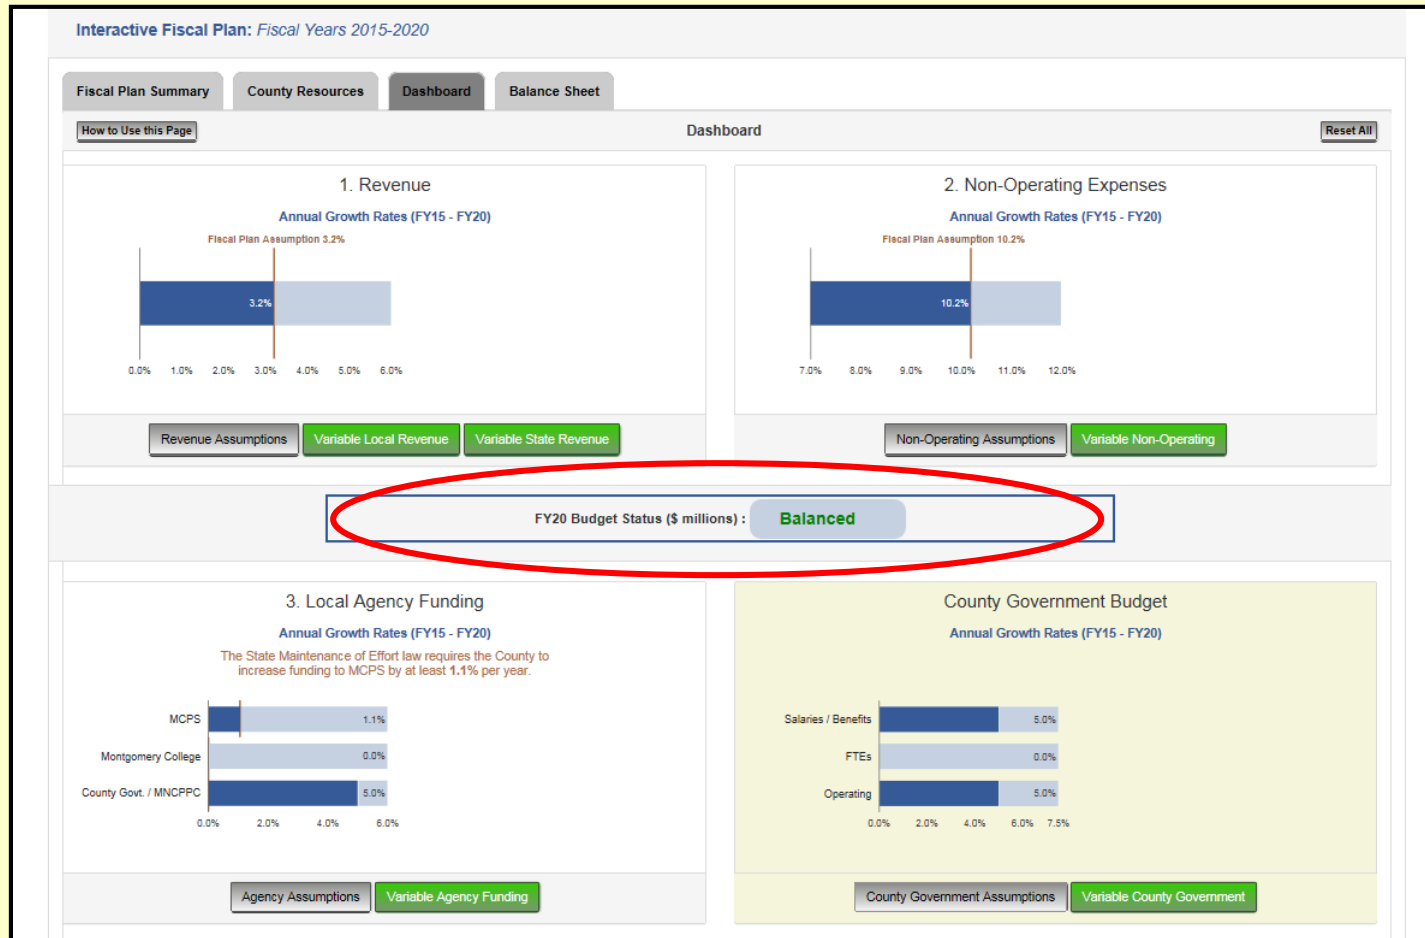

The green buttons open the “variable” pages of the model. In the variable pages, you can change the assumptions from their default settings.

# DASHBOARD

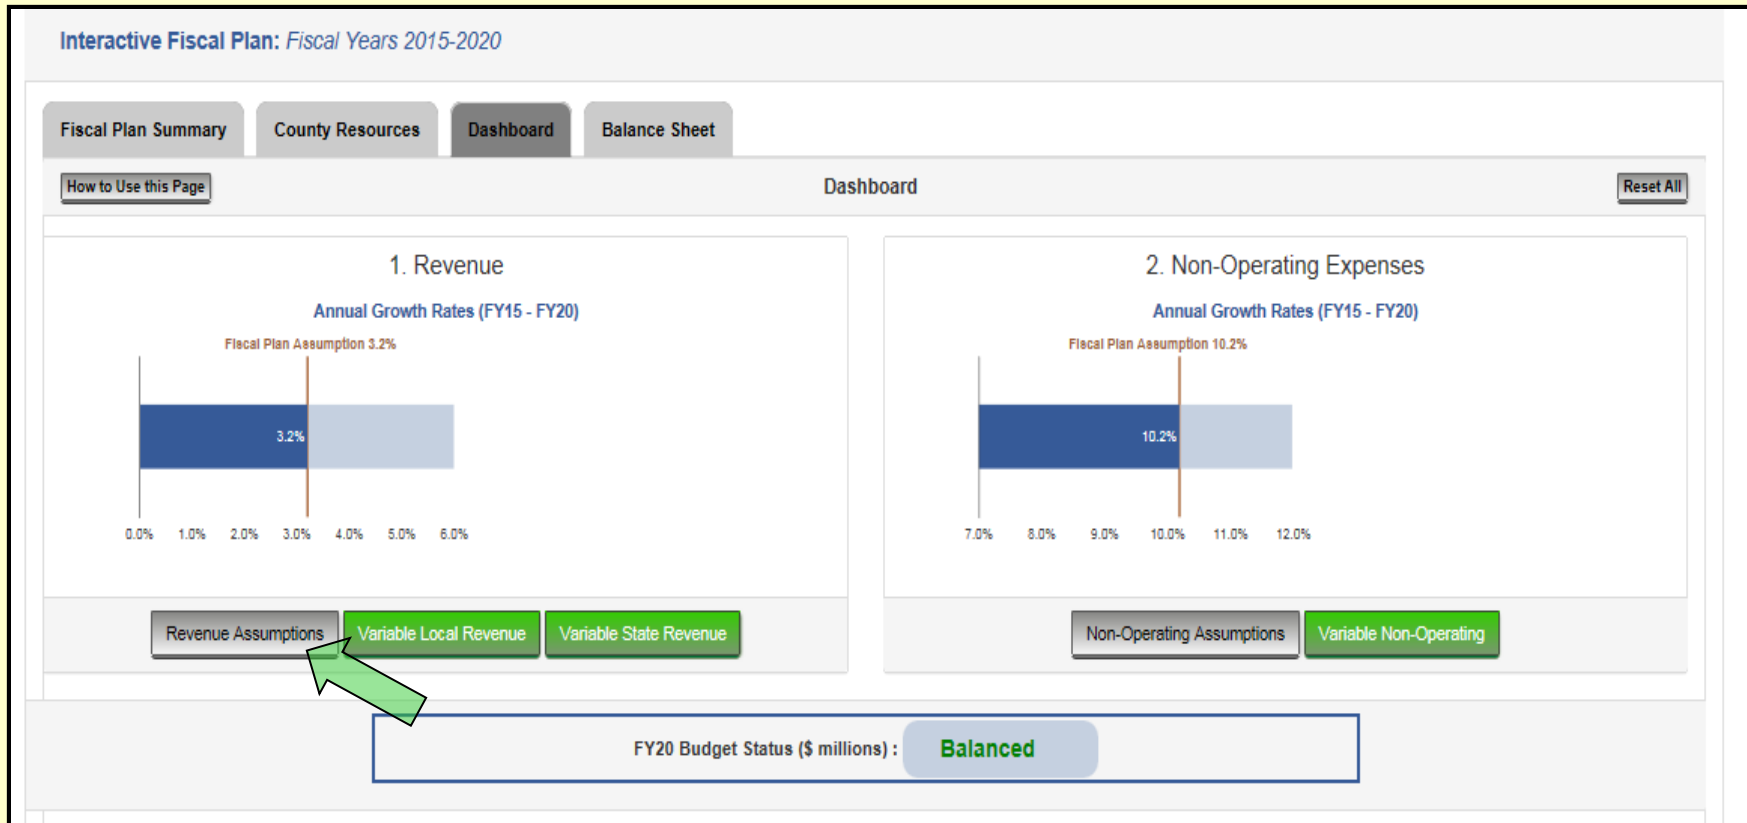

The green buttons open the “variable” pages of the model. In the variable pages, you can change the assumptions from their default settings.

# DASHBOARD

The Dashboard shows the budget status for the sixth year of the Fiscal Plan given the assumptions inputted into the model. Using the default assumptions, the budget is balanced. The budget status indicator also shows when inputted assumptions produce either a surplus or a deficit in the sixth year.

# DASHBOARD (Top Half)

State Aid to MCPS	\$619	0.0%	\$619
State Aid to Montgomery College	\$34	0.0%	\$34
<b>Total Revenue</b>	<b>\$4,318</b>	<b>3.2%</b>	<b>\$5,059</b>

### Major Fiscal Plan Assumptions

- Retention of current tax rates
- Property taxes at Charter limit (with income tax offset)
- Annual average population growth of 0.9%
- Annual average growth in assessable base of 5.1%
- Annual average growth in per capita income of 3.1%
- Reduction in Mass Transit Aid to County
- No change in State Aid to MCPS
- No change in State Aid to Montgomery College

The State of Maryland provides aid to the County Government and MNCPPC to assist in the funding of police, library, transit, health, and other services.

[Major Fiscal Plan Assumptions](#)

- Retention of current tax rates
- Property taxes at Charter limit (with income tax offset)
- Annual average population growth of 0.9%
- Annual average growth in assessable base of 5.1%
- Annual average growth in per capita income of 3.1%
- Reduction in Mass Transit Aid to County
- No change in State Aid to MCPS
- No change in State Aid to Montgomery College

While State Aid to MCPS has grown significantly in past years, this growth has not been related to economic conditions but rather to funding decisions made by the State. As it is difficult to predict future State funding decisions, the Fiscal Plan uses a default assumption of no annual change in State aid to MCPS.

When reviewing the historic data, keep in mind that revenue generation varies over time because of economic and policy factors. For example, property and income tax revenues are functions of personal wealth, the housing market, employment levels, and other conditions. In addition, revenue from some taxes (most notably, the energy tax) have increased or decreased in past years because of tax rate changes.

Property tax generation is limited by the “Charter Limit.” This provision generally requires the approval of all nine Councilmembers to set property tax rates (including credits) at a level that generates more revenue than in the previous year (adjusted for inflation).

Other factors control the rate of revenue generation.

FY20 Budget Status (\$ millions): **Balanced**

Energy tax revenue generation is a function of fuel usage. In addition, revenue from this tax has varied significantly in recent years because of large changes (both increases and decreases) in the tax rate.

Other factors control the rate of revenue generation.

FY20 Budget

\* State Maintenance of Effort laws do not allow the County to adjust local funding for MCPS and Montgomery College to account for changes in State Aid to these agencies. As such, changes in State Aid to MCPS and Montgomery College have no bearing on other County budget decisions. Adjusting the assumed amount of State Aid to these agencies has no effect on County revenue calculations. (Changes in assumptions entered here are reflected in the overall average annual rates of growth shown in the Local Agency Funding section of the model.)

The State MOE law requires the County to maintain or increase annual local funding for Montgomery College. The County may not reduce funding for the College below the previous year's dollar amount even if State Aid increases. The MOE law for Montgomery College is not dependent on enrollment.

Local funding for MCPS and Montgomery College is governed by State “maintenance of effort” (MOE) laws.

<b>Total</b>	<b>\$433</b>	<b>10.2%</b>	<b>\$703</b>

[Major Fiscal Plan Assumptions](#)

- Debt service consistent with current borrowing policy
- Full funding of OPEB requirement beginning in FY15
- PAYGO at 10% of borrowing costs

This page shows the projected average annual rate of growth for non-operating expenses as included in the latest version of the Fiscal Plan.

Debt service is the amount set aside annually in the operating budget to repay debt. The County incurs debt primary in the form of bond issuances to finance the construction of capital projects for the County Government, MCPS, Montgomery College, and MNCPPC.

This page shows the projected average annual rate of growth for non-operating expenses as included in the latest version of the Fiscal Plan.

County law mandates the creation of a “Revenue Stabilization Fund.” This fund is designed to accrue a balance during periods of economic growth when revenue collections exceed estimates. The Fund may be drawn upon during periods of economic slowdown, when collections fall short of revenue estimates.

FY20 Budget Status (\$ millions) : **Balanced**

Using the formula established in the County Code, the County's mandatory contribution to the Revenue Stabilization Fund is estimated at \$22 million for Fiscal Year 2014.

The County's Fiscal Policy sets a reserve goal (including the Revenue Stabilization Fund) of ten percent of revenue by the Year 2020.

The County Charter limits unappropriated reserves (the "set aside") to no more than five percent of General Fund revenue.

Note the factors that affect spending for non-operating expenses.

- MCPS funding at MOE level (increases proportional to rate of enrollment growth)
- MCPS funding includes pension transfer from State
- Montgomery College funding at MOE level (minimum fixed dollar amount)

This page shows the default assumptions used in the model to allocate County resources (that is, resources exclusive of State Aid) among County agencies. The fiscal plan does not make any assumptions regarding the allocation of resources among agencies in future fiscal years. The default setting in the model shows funding for MCPS and the Montgomery College at the "maintenance of effort" level.

*No changes may be made to the data shown on this page.*

This page shows the default assumptions used in the model to allocate County resources (that is, resources exclusive of State aid) among County agencies.

MCPS	\$1,519	1.1%	\$1,601
Montgomery College	\$210	0.0%	\$210
County Government / MNCPPC	\$1,414	5.0%	\$1,803

Assumptions (not in Fiscal Plan)

- MCPS funding at MOE level (increases proportional to rate of enrollment growth)
- MCPS funding includes pension transfer from State
- Montgomery College funding at MOE level (minimum fixed dollar amount)

This page shows the default assumptions used in the model to allocate County resources (that is, resources exclusive of State Aid) among County agencies. The fiscal plan does not make any assumptions regarding the allocation of resources among agencies in future fiscal years. The default setting in the model shows funding for MCPS and the Montgomery College at the "maintenance of effort" level.

The State MOE law requires the County to maintain or increase annual per pupil local funding for MCPS. The County may not reduce per pupil funding below the previous year's dollar amount. County funding to MCPS must grow by at least by rate of enrollment growth. The average annual growth rate shown in the model equals the projected average annual rate of MCPS enrollment growth.

Assumptions (not in Fiscal Plan)

- MCPS funding at MOE level (increases proportional to rate of enrollment growth)
- MCPS funding includes pension transfer from State
- Montgomery College funding at MOE level (minimum fixed dollar amount)

This page shows the default assumptions used in the model to allocate County resources (that is, resources exclusive of State Aid) among County agencies. The fiscal plan does not make any assumptions regarding the allocation of resources among agencies in future fiscal years. The default setting in the model shows funding for MCPS and the Montgomery College at the "maintenance of effort" level.

After allocating resources to MCPS and Montgomery College at the MOE level, the model's default setting allocates remaining local resources to the County Government and MNCPPC. The County Government and MNCPPC are not guaranteed minimum funding levels under State law and compete for the same resources. As such, the model groups funding for these two agencies together.

Montgomery College <input type="text" value="MOE"/>	\$210	0.0%	\$210	<input type="text" value="0.0%"/>	\$210	0.0%
County Government / MNCPPC <input type="text" value="Balance Budget"/>	\$1,413	5.0%	\$1,803	<input type="text" value="5.0%"/>	\$1,803	4.5%

Spending **More** / **Less** than Fiscal Plan: **+\$0**

FY20 Budget Status (\$ millions) : **Balanced**

The left side of the page shows future year agency funding at the default "maintenance of effort" settings for MCPS and Montgomery College. These entries are fixed and cannot be adjusted. The Sliders under the "variable" heading allows you to adjust the average annual growth rate for each agency.

If the model shows an unbalanced budget, use the "balance budget" button to determine the average annual growth rate for the County Government and MNCPPC that would result in a balanced budget in the sixth year of the Fiscal Year. Clicking this button keeps the funding for MCPS and the College as well as all other assumptions previously inputted into the model unchanged.

County Government Budget

Return to Dashboard

<div>Employee Pay</div> <div> FY15 Average Salary \$69,020 </div>	<div>Workforce Size</div> <div> FY15 FTEs (Tax Supported) 7,990 </div>
<div>Employee Benefits</div> <div> FY15 Average Benefit Cost \$32,320 </div>	<div>Operating Expenses</div> <div> FY15 Operating Expenses (Tax Supported \$ millions) \$510 </div>

There are two major categories of spending within the County Government operating budget: personnel costs and operating expenses. Personnel costs consist of employee pay and benefits. This page shows the current average annual pay (salary) and benefits costs for a full-time County Government employee. Personnel costs are also a function of the size of the workforce. This page the number of full-time equivalent FTE positions in the County Government workforce (excluding "non-tax supported" FTEs.) This page also show the total Fiscal Year 2014 cost of (tax-supported) operating expenses in the County Government budget.

*No changes may be made to the data shown on this page.*

The County Council is responsible for appropriating funds within the County Government operating budget.

--	-------

There are two major categories of spending within the County Government operating budget: personnel costs and operating expenses. Personnel costs consist of employee pay and benefits. This page shows the current average annual pay (salary) and benefits costs for a full-time County Government employee. Personnel costs are also a function of the size of the workforce. This page the number of full-time equivalent FTE positions in the County Government workforce (excluding "non-tax supported" FTEs.) This page also show the total Fiscal Year 2014 cost of (tax-supported) operating expenses in the County Government budget.

Personnel costs are also a function of the size of the workforce. This page shows the number of full-time equivalent (FTE) positions in the County Government workforce (excluding "non-tax supported" FTEs, that is, positions funded by revenue raised for a specific, designated use such as permitting fees.)

Calculate Cost Of Pay Adjustments

Employee benefits include the cost of retirement and health insurance. Most public safety employees (e.g. police, firefighters) participate in a defined benefit (pension) retirement plan. The cost to the County of this retirement plan is a function of employee salaries, pension fund investment returns, demographic factors and other conditions.

Most other County Government employees participate in a defined benefit retirement plan. The cost to County of this retirement plan is directly related to employee salaries.

The cost of employee health insurance is a function of medical costs, plan terms, and usage; this cost is unrelated to employee salaries.

Note the factors that affect County Government spending.
