The Office of Legislative Oversight (OLO) expects Bill 43-20 to have a minimal impact on racial equity and social justice among Montgomery County Government (MCG) employees and the County at large.

The County Council introduced Bill 43-20 on September 29, 2020. The bill intends to "end the practice of using taxpayer dollars to compensate public employees in an unregulated and often undisclosed fashion." If enacted, the bill would:

- Prohibit severance pay for a County employee unless authorized by law;
- Prohibit severance pay for certain employees who violate the Ethics Law;
- Provide for certain exceptions; and
- Generally, amend the law governing severance pay for County employees.

An analysis of data (Table 1) comparing the demographics of County residents to MCG personnel shows that:

- Black employees are over-represented among permanent merit employees and among employees who left County government compared to their residents’ share, but they are proportionately represented in the MLS.
- White employees are under-represented among permanent merit employees and among employees who left County government compared to their resident share, but over-represented in the MLS.
Latinx and especially Asian employees are under-represented among every MCG employee group and among employees who left County government compared to their resident populations.

The over-representation of Black employees among non-managerial positions and the over-representation of White employees among managerial positions are consistent with the occupational segregation that characterizes the U.S. workforce. It’s unclear whether occupational segregation by race and ethnicity characterizes non-merit, appointed positions in the County because nearly half of employees in these positions (46%) did not disclose their race or ethnicity or selected “Other.” However, the racial and ethnic makeup of MLS employees suggests that White employees are also over-represented among the 89 non-merit positions that would most be impacted by Bill 43-20 if enacted.

**ANTICIPATED RESJ IMPACTS**

**Montgomery County Employees:** Since the racial and ethnic makeup of non-merit employees remains unknown, the RESJ impact of Bill 43-20 remains undetermined. An analysis of MLS demographics, however, suggests that White employees are likely to be disproportionately impacted by the proposed changes to County law under Bill 43-20 because they likely account for a majority of non-merit employees. Yet, since non-merit employees account for less than one percent of MCG’s overall workforce, the overall impact of Bill 43-20 on the MCG workforce is negligible.

**METHODOLOGIES, ASSUMPTIONS, AND UNCERTAINTIES**

This RESJ impact statement and OLO’s analysis relies on several sources of information, including: the American Community Survey; Montgomery County Management Personnel Management Review; Montgomery County Non-Merit Demographics; and OLO economic impact statement Bill 43-20.
RECOMMENDED AMENDMENTS

The County's Racial Equity and Social Justice Act requires OLO to consider whether recommended amendments to bills aimed at narrowing racial and social inequalities are warranted in developing RESJ impact statements.\textsuperscript{11} If the goal of Bill 43-20 was to limit disparities in permanent employment, OLO could offer such amendments. The purpose of Bill 43-20, however, is not to decrease racial and social inequities in the County. As such, this RESJ impact statement does not offer recommended amendments for Bill 43-20.

CAVEATS

Two caveats to this racial equity and social justice impact statement should be noted. First, predicting the impact of legislation on racial equity and social justice is a challenging, analytical endeavor due to data limitations, uncertainty, and other factors. Second, this RESJ statement is intended to inform the legislative process rather than determine whether the Council should enact legislation. Thus, any conclusion made in this statement does not represent OLO's endorsement of, or objection to, the bill under consideration.

CONTRIBUTIONS

OLO staffers Dr. Theo Holt and Dr. Elaine Bonner-Tompson drafted this racial equity and social justice impact statement.
