INITIATIVES

- The County's new Next Generation 911 service will begin in FY19, allowing the Emergency Communications Center to receive emergency communications in new ways, including by text and with pictures.
- Implementation of enhanced gang investigative capabilities with the FY18 supplemental budget appropriation.
- The Police Department plans to replace the County's interview room camera system with a more reliable product that will better integrate with footage collected from the body worn camera program.
- Participation in the FBI's national use of force reporting pilot to demonstrate the Montgomery County Police Department's (MCPD) commitment to transparency and accountability.
- Continue diversity initiatives, which includes expansion of the Cadet Program and a pilot initiative where a local high school offers a criminal justice program for students.
- Increase the efficiency of emergency response by shifting the responsibility for animal-related emergency calls to the Animal Services Division during peak animal-related call times.
- Add three additional School Resource Officers to work with the County's middle schools.
- Add a detective to the Vice Unit.

ACCOMPLISHMENTS

- ✓ The Investigative Services Bureau adjusted its internal policies and procedures in response to the opioid epidemic and now handles each overdose resulting in death as a homicide investigation. As a result, two drug suppliers were charged with the death they caused to a user and were federally prosecuted -- a clear message to opioid traffickers that Montgomery County will not tolerate their actions.
- ✓ Fully implemented the Stop, Triage, Engage, Educate and Rehabilitate (STEER) Program, which deflects low-risk individuals with substance abuse disorders away from the criminal justice system and directly into community-based treatment.
- Re-established the Community Engagement Division to maximize and enhance outreach and engagement efforts throughout the County. MCPD also hosted the first Hispanic Community Police Academy.
- MCPD was awarded reaccreditation for the seventh time by Commission on Advanced Law Enforcement Accreditation (CALEA), and the Crime Lab completed strenuous accreditation process through the American Society of Crime Laboratory Directors (ASCLAD).

- ✓ MCPD experienced numerous technological accomplishments within the last fiscal year:
 - Implemented a new Computer-Aided Dispatch (CAD) system.
 - Transitioned to the FBI's National Incident Based Reporting System (NIBRS) for crime reporting, the first agency in the State to undertake this effort.
 - Completed the rollout of body-worn cameras to all patrol officers.
 - Completed cross-training of Emergency Communications Center personnel under the implementation plan for consolidation.

INNOVATIONS AND PRODUCTIVITY IMPROVEMENTS

- ** Expanded the lab space of the Electronic Crimes Unit, providing state-of-the-art technology to process electronic evidence, which impacts all types of criminal activity.
- Expanded the Automated School Bus Enforcement program to improve school bus safety.
- ** The Montgomery County Public Safety Training Academy consolidated the functional and specialized training needed for all law enforcement officers and employs the use of technology and realistic scenario-based training to improve lesson delivery.

Office of the Chief

The Office of the Chief has responsibility for the overall management, direction, planning, and coordination of all Department of Police programs and operations.

The Internal Affairs Division (IAD) is organizationally located in the Office of the Chief. The Department strives to maintain a relationship of trust and confidence with the community that it serves. Patrol Services

The Patrol Services Bureau (PSB) is responsible for providing direct police patrol services to the public through the six District Stations. Personnel provide initial response to incidents; identify crime, traffic, and community hot spots; and work in partnership with residents to solve problems of mutual concern. This bureau provides specially trained units such as the District Traffic Section, Special Assignment Team (SAT), District Community Action Team (DCAT), and School Resource Officers (SROs) to support preventive methods of crime suppression through planning, education, and community involvement, and to actively pursue and apprehend those involved in serious and high-risk crimes.

The District Traffic Sections enforce traffic laws and support efforts for overall collision reduction. The Special Assignment Teams employ undercover surveillance as an effective crime fighting tool in situations such as drug and weapons offenses and where the mitigation of crime trends are enhanced by the deployment of officers in street clothes. The DCATs are deployed to conduct targeted enforcement operations in response to identified crime increases and crime trends. These teams engage the community in community policing efforts to sustain gains achieved through joint partnership efforts. The SROs are deployed to public high schools to provide police services while providing mentoring, mediation, and educational services to all stakeholders in the school system with the goal of preventing crimes before they occur.
