County Government accounting information is organized by fund; this includes both tax supported and non-tax supported special funds, which either encompass an entire department or portions thereof. Detailed budget presentations on each of these organizational units and funds are displayed, organized by function, in the following sections of this document.

Spending Affordability Guidelines

In February 2018, the Council approved FY19 Spending Affordability Guidelines (SAG) of \$1,509.4 million for Montgomery County Government tax supported funds, a 6.7 percent decrease from the original \$1,618.5 million FY18 budget. For FY19, the Executive recommends \$1,617.0 million in tax supported funds.

Government Funds

County government funds are typically categorized by tax supported and non-tax supported funds. Tax supported funds are financed through Countywide taxes or special tax rates assessed on a geographic area encompassing the users of the respective services. In addition to taxes, these funds are also supported by inter-governmental aid, user fees, and other resources. Non-tax supported funds include enterprise funds and grants. Enterprise funds are operations that are financed and operated in a manner similar to private enterprise. The cost of providing these functions is primarily recovered through user charges.
