The FY26 and FY27 figures are performance targets based on the FY26 Recommended Budget and funding for comparable service levels in FY27.

PROGRAM DESCRIPTIONS

Adjudication

Adjudication encompasses support staff for the Judiciary, Case Management, and Data Quality. Conceptually, this division monitors case assignments (criminal, civil, and family cases), provides expedited case disposition for incarcerated offenders, and provides supervision consistent with the complexity of each case filed. Adjudication and case management improve the efficiency of case processing and reduce the demand for judicial intervention at various stages of litigation. To minimize case delay, each case is assigned to an appropriate track that allows for the performance of pre-trial tasks and allocates the appropriate level of judicial intervention. Tracks are monitored for performance and are evaluated based on established performance measures. The Data Quality department maintains the integrity of the information the Court generates and improves the quality of the data the Court collects.

****** Family Division Services

This program provides a variety of services for children and families, most of them funded by the Family Law Grant. Services include case managers that provide day-to-day management of cases supported by Family Magistrates, Judges, counsel, and litigants; custody mediation involving litigants in an effort to obtain a settlement of custody issues prior to litigation; the Family Law Self Help Center staffed by attorneys to help individuals representing themselves in uncomplicated family law cases involving divorce, custody, and child support; psychological evaluations when psychological testing is necessary as an adjunct to arriving at a decision in the best interest of the children; best interest attorney appointments to specifically represent the interests of children; and operating expenses associated with managing the division.

Family Division Services also handles adoption investigations, as well as child custody and visitation evaluations. After the establishment of a Court Order, independent evaluations for child custody and visitation and adoption investigations are conducted by Court staff possessing substantial experience in social science or suitable credentials in the field of social work. The evaluator meets with the litigants and children and interviews professionals and collateral references to ascertain the appropriate custodial situation for the children.

The Court has an initiative that is allowing litigants to meet with a courthouse appointed meditator at no cost to the community. This is a response to the pandemic to allow litigants to have a licensed meditator to help them reach an agreement before going to trial.

The Juvenile Division is also a part of Family Division Services and is responsible for oversight of delinquency petitions, Child in Need of Assistance (CINA) petitions, Termination of Parental Rights (TPR) petitions, Voluntary Placement petitions, and Petitions for Peace Orders. These matters, which are governed by strict statutory timeframes, require a high degree of judicial oversight by the Court on a long term basis.
