MISSION STATEMENT

The mission of the Department of Recreation is to provide high quality, diverse, and accessible programs, services, and facilities that enhance the quality of life for all ages, cultures, and abilities.

BUDGET OVERVIEW

The total recommended FY26 Operating Budget for the Department of Recreation is \$68,254,542, an increase of \$3,639,325 or 5.63 percent from the FY25 Approved Budget of \$64,615,217. Personnel Costs comprise 60.96 percent of the budget for 191 full-time position(s) and no part-time position(s), and a total of 603.73 FTEs. Total FTEs may include seasonal or temporary positions and may also reflect workforce charged to or from other departments or funds. Operating Expenses account for the remaining 39.04 percent of the FY26 budget.

The Debt Service for the Recreation Fund is appropriated in the Debt Service Fund and is, therefore, not displayed in this section. To pay for the Debt Service, a transfer of funds from the Recreation Fund to the Debt Service Fund of \$10,480,870 is required to cover General Obligation bond costs.

In addition, this department's Capital Improvements Program (CIP) requires Current Revenue funding.

PROGRAM DESCRIPTIONS

Administration

The Administration Program provides oversight, leadership, management, and supervision to accomplish the Department's mission. The Administration Program includes the Department's senior management, the Director's Office and staff, as well as business and information technology services, communications and outreach, facility planning, asset replacement, and fixed-cost

management.

The Business Services and Information Technology Teams provide key infrastructure and support to the Department's operations. The Business Services Team provides human resource management, procurement and contracting services, budget and financial administration, and customer services. The Information Technology Team ensures availability and efficiency of technical tools, equipment and interfaces, responds to help tickets from the Department's centers and other satellite locations, and delivers training related to the Department's business operations software. Both teams collaborate with agencies of County government, community, and other partners to address the needs of internal and external constituencies.

The Administration Program includes development and management of the Department's capital improvement projects and plans and implements the lifecycle asset replacement activities to protect the Department's investments and efficient-reliable operations of all facilities and equipment in service to County residents. The Program also includes fixed costs associated with utilities, property insurance, Workers' Compensation Insurance, and community grants. This Program also includes Communications and Public Outreach, which supports marketing of, and media relations concerning, all recreation and leisure activities in collaboration with the County's Public Information Office (PIO), Maryland-National Capital Park and Planning Commission (M-NCPPC), and Community Use of Public Facilities (CUPF). Outreach activities include summer camps and employment fairs, holiday events and commemorations, and coordination of visits from local, State, and Federal dignitaries and agencies as requested.

¹ The Department continues to be a vital quality of life service and expects to see moderate program growth as it rebounds from the pandemic and demand for programs and services continues to rise.

² The Department continues to make RecAssist program modifications to address factors impacting use such as logistical/registration constraints for families, program awareness and outreach, and competing financial priorities. In CY24, the Department increased the amount awarded to individuals from \$200 to \$400 to help cover a greater percentage of program costs and to reduce competing financial priorities, which may prevent or limit participation in programs that are known to have a positive quality of life and health impacts.

The broad ranges of programming include lessons, instructional wellness classes, and competitive programming such as dive and swim teams. Facilities also host a wide variety of local, regional, and national events and competitions each year. The Department operates seven regional outdoor pools, five indoor aquatics facilities, and one spray park and supports operations at Piney Branch Elementary School pool.

The department anticipates increased use of aquatics facilities, however, it's important to note that this measure may be influenced by future expanded subsidies, price adjustments, and major facility repairs and/or renovations.

Countywide Programs

Countywide Programs offers essential and universally accessible recreation and leisure services to all residents across the region--an indicator of a healthy, affordable, and welcoming community. Program staff generates partnerships with local small businesses and non-profit organizations to activate key public and private spaces and to offer culturally responsive programs, activities, and services such as classes, performing arts, camps, sports, workshops, therapeutic recreation, inclusion services, and special events which provide a wide range of economic, health, and social benefits. Additionally, community outreach such as events and festivals provide a wide platform to bridge diverse groups of people, generate social networks, and create community cohesion. Countywide Programs promote positive social capital through the provision of equal access to programs, which cultivates community ties through programs and services. The benefits include public enjoyment and engagement; improved perception of community performance; economic well-being; quality recreation time with family and friends; strengthening social and familial bonds; improvement of mental and physical health thus reducing the impacts of chronic diseases; and measurable decreases in rates of crime and other detrimental activities making our communities safer.

Recreation Community & Neighborhood Centers

The Department of Recreation has 23 recreation centers throughout the County. These facilities provide affordable programs featuring leisure activities, social interaction, family participation, and community civic involvement, as well as promote community cohesion and identity for all ages.

Centers are designed to support sports, fitness, dance, community/social activities, and art programs. Activities include instructional programs, organized competitions, performances and exhibitions, recreational clubs and hobby groups, and accessibility initiatives for special populations. Center spaces are available for community activities, party rentals, receptions, and civic group meetings. Designated sites offer afterschool programs for children and youth, such as Club Adventure and Club Friday, at affordable pricing. The centers are a place where individuals, families, communities, and government are connected, as well as a thriving hub of activities.

Senior Adult Programs

The Senior Programs Team offers a wide range of supports, opportunities, programs, services, and facilities, which are designed to enhance the quality of life and help community members 55 and over remain active, engaged, and independent in their communities. Lifestyle and leisure program offerings such as fitness and wellness, sports, arts and culture, social clubs, trips, and special events help to attract and retain active retirees while providing critical tools and resources to improve and maintain the health span and independence of those who are isolated or more vulnerable.

Youth Development

The Youth Development Team uses recreation to ensure young people are healthy, connected, and productive during out-of-school time. Program staff work to change the landscape of communities by tackling pressing and diverse issues, reducing barriers to participation, and improving equitable access to high quality out-of-school time opportunities which improve outcomes for young people. Positive youth development strategies are used to meet youth where they are and include opportunities, programs, and services which emphasize active and healthy living, youth leadership and social equity, engagement in learning, workforce readiness, and connection to caring adult role models.

Program Performance Measures	Actual FY23	Actual FY24	Estimated FY25	Target FY26	Target FY27

Average daily attendance in youth development programs ²	46.20%	45.02%	45.92%	46.84%	47.78%

¹ Our youth programs play a critical role in youth resilience because they are the environmental container where young people acquire developmental assets necessary for healthy growth. Restoring connections with youth is among our top priorities. Participation numbers are directly correlated with program capacity. Modest targets are projected due to current future fiscal outlook.

² Several factors consistently impeded attendance rates, including the addition of new after-school program sites and overall school attendance rates. New programs often impact average daily attendance due to the time required for these initiatives to gain momentum and visibility within the community, underscoring the importance of implementing long-term programs with sustainable results over time. The Department implemented several new long-term programs in FY23. Additionally, there continue to be ongoing concerns regarding public health and attendance participation post-COVID, as the school system continues to battle with chronic absenteeism. Restoring connections with youth and families continues to be among the department's top priorities.
