

### **RECOMMENDED FY26 BUDGET**

\$1,532,515

### **FULL TIME EQUIVALENTS**

5.90

**\*\*** MIKE SCHEFFEL, **DIRECTOR** 

## MISSION STATEMENT

The Office of Agriculture (OAG) was created in 2016 and exists to promote agriculture as a viable component of the County's economic sector, as well as to preserve farmland as a resource for future agricultural production. The goal of the OAG is to promote Montgomery County as a leader in the agricultural industry and strengthen the agricultural economy by providing support to our farm community and working to educate our residents.

## **BUDGET OVERVIEW**

The total recommended FY26 Operating Budget for the Office of Agriculture is \$1,532,515, an increase of \$76,563 or 5.26 percent from the FY25 Approved Budget of \$1,455,952. Personnel Costs comprise 63.24 percent of the budget for ten full-time position(s) and no part-time position(s), and a total of 5.90 FTEs. Total FTEs may include workforce charged to or from other departments or funds. Operating Expenses account for the remaining 36.76 percent of the FY26 budget.

# **COUNTY PRIORITY OUTCOMES**

While this program area supports all seven of the County Executive's Priority Outcomes, the following are emphasized:

- Thriving Youth and Families
- A Growing Economy
- A Greener County

# **INITIATIVES**

- The OAG recently completed building its Composting Education Hub at the Agricultural History Farm Park. This initiative was done in partnership with the Institute for Local Self Reliance and University of Maryland Extension Master Gardeners. The project goals include increasing on farm composting within the County for the purpose of generating compost, increase access to compost for agricultural producers, reducing reliance on and limit the use of fertilizers, improve soil quality and health, encourage waste management and permaculture business development, increase rainwater absorption, reduce municipal food waste and diverting food waste from landfills.
- Moco Microhub Cold Storage The MoCo Microhub was created in partnership between the OAG and the Montgomery County Food Council (who obtained a grant to fund the purchase of the cold storage unit). The unit which will be managed

and maintained by the OAG will support small county farms with aggregation and storage of their products after harvesting before distribution to food programs for residents, including farm to school, farm to table, and farm to foodbanks.

The OAG submitted a high tunnel policy reform which eliminated the permit fee and the need for a building permit on non-agriculturally assessed properties. This initiative has made it considerably easier and less expensive for urban and suburban growers, particularly in historically disadvantaged and low-income areas, to utilize high tunnels for food production. As a result, it is expected to boost racial equity in agriculture, increase local food production, and reduce greenhouse gas emissions associated with food transport. Moreover, it enhances urban access to nutritious food, improving customer satisfaction and positively contributing to the community's health and environmental sustainability.

### PROGRAM CONTACTS

Contact Jacqueline Arnold of the Office of Agriculture at 301-590-2859 or Natasha Joseph-Wilkerson of the Office of Management and Budget at 240-773-0052 for more information regarding this department's operating budget.

### PROGRAM DESCRIPTIONS

# Agricultural Services

The Office of Agriculture (OAG) provides the following services: implement agricultural policies and programs; provide financial and technical assistance to farmers; manage agricultural education programs; provide financial and staff support to its partner agencies; serve as a liaison between the Executive Branch and the agricultural community via the Agricultural Advisory, Agricultural Preservation, and Montgomery County Farm Bureau Boards; oversee various land preservation programs; co-sponsor farmers' markets, an annual farm tour, and other activities that promote agricultural businesses and products; and provide mentoring and specialized business training programs. Additionally, OAG collaborates with its partner agencies, which are all co-located at the Agricultural History Farm Park in Derwood to provide seamless one-stop client interactions and program offerings. These Federal, State, and local partners include the University of Maryland-Extension, the Montgomery Soil Conservation District, the Natural Resource Conservation Service, and the Farm Service Agency.

| Program Performance Measures   | Actual<br>FY23 | Actual<br>FY24 | Estimated FY25 | Target<br>FY26 |       |

| FY26 Recommended  | 1,045,102    | 5.00 |

This program is comprised of staff and other resources from Federal, State, and local agricultural agencies. It provides technical and outreach educational assistance to farmers/rural landowners for implementing best management and conservation practices. The Montgomery Soil Conservation District (MSCD) assists the County to achieve the nationally mandated, State-assigned, Rural MS4 Permit - Chesapeake Bay Nutrient Diet - Watershed Implementation Program (WIP-III) goals. Failure to achieve the WIP-III goals will likely result in the Federal Environmental Protection Agency (EPA) instituting the backstop measure which will negatively impact the County and the agricultural community by denying all permits moving forward and harming the County's rural economy/infrastructure with increased regulatory requirements. In addition, the district provides technical assistance to the County with technical reviews and regulatory requirements associated with county stormwater management facility retrofit projects associated with the County's MS4 permit requirements regulated by the EPA and State of Maryland.

| Program Performance Measures   |       | Actual FY24 | Estimated FY25 | _     | Target<br>FY27 |
|--|-------|-------------|----------------|-------|----------------|
| Soil conservation contacts with farmers and landowners to provide technical assistance           | 1,113 | 8,141       | 8,000          | 8,000 | 8,000          |

# **\*** University of Maryland Extension (UME)

The Montgomery County Extension Office serves as the non-formal outreach and education arm of the University of Maryland. This agency is funded cooperatively through local, State, and Federal governments to make non-formal education accessible to all Montgomery County residents. Adults, families, and youth are target audiences. Extension programs serve across four major program areas: Agriculture and Food Systems; Family and Consumer Science; Environment and Natural Resources; and 4-H Positive Youth Development. Educational programs for farmers include raising crops and livestock, protecting the environment through good agriculture practices (GAP) and nutrient management advising and plan writing, farm and business management, reducing farm stress (financial, emotional, and physical wellbeing), marketing commodities, and integrated pest management (IPM). Programs for families include home horticulture, financial literacy, and nutrition education. 4-H youth programs focus on healthy living and nutrition, leadership development, civic engagement, public speaking, and agricultural programs to learn how to care for, raise, and show livestock. The Close Encounters with Agriculture (CEWA) program engages over 3,000 4th grade students annually, from across Montgomery County, to learn about agriculture through a hands-on learning experience at the Agricultural History Farm Park. Extension faculty and staff engage and rely upon a large network of over 2,000 volunteers to support facilitation of program delivery. Over 100,000 information requests are received annually, and UME faculty, staff, and volunteers help to field and respond to these inquiries with research-based solutions. Outreach education efforts are facilitated through one-on-one consultations, telephone assistance, responses to internet inquiries, classes and workshops, field days, website, radio, television, and print media publications.
