ANNUAL OPERATING BUDGET IMPACT (\$000)

DESCRIPTION

This project provides funding for (1) the renovation of the upper floor of the Computer Science Building to create four new classrooms, a telecommunications room and two offices, and (2) a 438-space surface parking lot at the Carver site across from the Rockville Campus.

JUSTIFICATION

The Rockville Campus has a current (Fall 2004) instructional space deficit of 57,192 net square feet and a total space deficit of 202,882 net square feet. The College is experiencing ongoing enrollment growth and is faced with a shortage of classroom space. The network operating center (NOC), currently housed in the Computer Science Building, will eventually relocate to the King Street Art Center (KSAC) on the Takoma Park/Silver Spring Campus. The relocation of the NOC will free up space in the Computer Science Building which will be converted to classrooms and offices.

In addition to the shortage of classroom space, there is similar shortage of parking due to the growth in enrollment. The 438-space surface parking lot will help alleviate some of that shortage.

Plans and Studies

Collegewide Facilities Condition Assessment (8/02), Collegewide Facilities Master Plan (1/04).

Cost Change

The previously appropriated funds for this project have been spent on the parking lot (supplemented by College operating funds) located on the Carver site. New funds requested will be used for the renovation of the Computer Science Building. This request is coordinated with the College's request for funding the relocation of the NOC to the King Street Art Center.

STATUS

The 438-space surface parking lot is currently under construction and will be available for the Spring 2006 semester.

Renovation of the Computer Science Building will be coordinated with the relocation of the NOC from the Computer Science Building on the Rockville Campus to the King Street Art Center on the Takoma Park/Silver Spring Campus.

OTHER

FY07 Appropriation: \$70,000 (G.O. Bonds)

APPROPRIATION AND EXPENDITURE DATA

Date First Appropriation	FY01	(\$000)
