COST CHANGE

The cost change is due to the decision to fund modest kitchen equipment replacement and electrical and ventilation upgrades rather than proceeding with design for a more extensive renovation and addition.

JUSTIFICATION

The kitchen within the PRC was built in 1978. The kitchen was originally designed for 100 residents. There has not been any updating of the kitchen and related food service and food storage areas since 1978. This project will provide for the replacement of kitchen equipment and upgrade of the kitchen's electrical and ventilation systems.

OTHER DISCLOSURES

- A pedestrian impact analysis will be performed during design or is in progress.
