

Resolution No.:	<u>17-450</u>
Introduced:	<u>May 24, 2012</u>
Adopted:	<u>May 24, 2012</u>

**COUNTY COUNCIL
FOR MONTGOMERY COUNTY, MARYLAND**

By: County Council

SUBJECT: Approval of the FY 2013 Capital and Operating Budgets for the Washington Suburban Sanitary Commission

Background

1. Section 17-202 of the Public Utilities Article of the Maryland Code requires the Washington Suburban Sanitary Commission (WSSC) each year to submit proposed capital and operating budgets to the County Executives of Montgomery and Prince George's Counties for their recommendations. The Executives in turn transmit the budgets to the respective County Councils for amendment and approval. Both Councils, through joint action, may recommend rates for water consumption and sewer use charges and ad valorem tax levies as the Councils deem necessary.
2. The Montgomery County Council on October 18, 2011, by Resolution No. 17-285 recommended the following spending control limits for the FY13 Water and Sewer Capital and Operating Budgets:

Water and Sewer Rate Increase	8.5%
New Water and Sewer Debt	\$481,764,000
Water and Sewer Debt Service	\$212,714,000
Water and Sewer Operating Fund Expenditures	\$628,999,000
3. The Prince George's County Council on October 18, 2011 by Resolution No. CR-67-2011 recommended the same limits.
4. In accordance with Section 17-202 of the Public Utilities Article of the Maryland Code, the WSSC submitted to the Executives of Montgomery and Prince George's Counties the proposed capital and operating budgets for FY 2013 and the record of the public hearing held by the Commission on those budgets.
5. The Executives of Montgomery and Prince George's Counties transmitted to the respective Councils their recommendations on the Commission's proposed budgets.
6. The Montgomery County Council advertised and held public hearings on the Commission's proposed budgets on February 7 and 9, 2012 for the proposed CIP and on April 10, 11, and 12, 2012 for the proposed operating budget.

7. The Montgomery County Council recommended approval of the Commission's FY 2013 Capital Budget with the following changes: Revise each of the Commission's Blue Plains Wastewater Treatment Plant projects to reflect more recent approved District of Columbia Water and Sewer Authority (DCWater) budget information and add one new developer-funded project, Mid-Pike Plaza Sewer Main Phase 1. The Montgomery County Council recommended approval of the Commission's FY 2013 Operating Budget with the following changes: elimination of all proposed merit and COLA increases; and instead providing a lump sum payment of \$2,000 to all full-time employees and a pro-rated amount to each part-time employee, resulting in a water and sewer operating expense reduction of \$388,200, and increase debt service by \$670,400 to accommodate revised DCWater costs for capital projects associated with the Blue Plains Wastewater Treatment Plant. The use of additional fund balance was recommended to cover the rate-supported impact of the above actions. These recommendations were transmitted to the Prince George's County Council by letter dated May 7, 2012.
8. The Prince George's County Council advertised and held a public hearing on the Commission's proposed budgets on April 10, 2012.
9. The Prince George's County Council recommended approval of the Commission's FY 2013 Capital Budget with the following changes: Revise each of the Commission's Blue Plains Wastewater Treatment Plant projects to reflect more recent approved District of Columbia Water and Sewer Authority (DCWater) budget information. The Prince George's County Council recommended approval of the Commission's FY 2013 Operating Budget with the following changes: elimination of all proposed merit and COLA increases for non-represented employees; and instead providing a lump sum payment of \$2,000 to all non-represented full-time employees and a pro-rated amount to each non-represented part-time employee, resulting in a water and sewer operating expense reduction of \$534,064, and an increase in debt service of \$670,400 to accommodate revised DCWater costs for capital projects associated with the Blue Plains Wastewater Treatment Plant. The use of additional fund balance was recommended to cover the rate-supported impact of the above actions. Clarifying language was also recommended with regard to the Triadelphia and Rocky Gorge Watershed Study. These recommendations were transmitted to the Montgomery County Council on May 8, 2012.
10. On May 10, 2012, the Montgomery County and Prince George's County Councils jointly reviewed and approved the WSSC capital and operating budgets agreeing on all proposed changes with the exception of the compensation changes where they agreed to disagree.

Action

The County Council for Montgomery County, Maryland approves the following resolution:

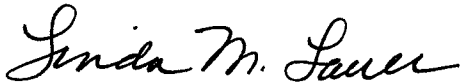

1. The following amounts and workyears are approved for the budget of the WSSC for the fiscal year beginning July 1, 2012 and ending June 30, 2013.

	<u>Operating</u>	<u>Capital</u>
Salaries and Wages	\$101,233,000	\$ 23,651,000
Heat, Light & Power	24,223,000	--
Regional Sewage Disposal	51,309,000	--
Contract Work	--	396,985,000
Consulting Engineers	--	83,267,000
All Other Items	233,095,000	284,002,000
Debt Service	<u>251,873,000</u>	<u>100,000</u>
Total	<u>\$661,733,000</u>	<u>\$788,005,000</u>
Workyears Authorized: 1,693		

2. The Capital Budget includes the first year of the FY 2013-2018 Capital Improvements Program as detailed in Appendix A (Water) and Appendix B (Sewerage), which are attached and incorporated.
3. In adopting WSSC's FY 2013 operating budget, the Counties and the Commission recognize that although total operating debt service is \$251,873,000 and equals 38.1% of the total operating budget, water and sewer operating debt service, the portion of debt service supported by water and sewer rate revenues, is \$211,967,000 or 34.2% of the water and sewer operating budget.
4. The Montgomery County Council recommends that the Commission establish water consumption and sewer use rates and charges as detailed in Appendix C, effective July 1, 2012.
5. The Montgomery County Council recommends that the Commission establish the account maintenance fee for all customers as detailed in Appendix D, effective July 1, 2012.
6. The Commission may adopt certain miscellaneous fees and charges as detailed in Appendix E, effective July 1, 2012, and the Commission may delegate to the General Manager the authority to adopt any new fees and charges that may be needed between that date and adoption of the FY 2014 Budget.
7. Any supplement to the WSSC approved FY 2013 Budget must be submitted in accordance with §17-202 of the Public Utilities Article of the Maryland Code.
8. The Commission must acknowledge the recommendations of the respective County governing bodies regarding certain policies, procedures, and practices, and must:
 - a) obtain the approval of both Councils before increasing operating expenditures above \$661,733,000;
 - b) obtain the approval of both Councils before transferring any funds from any approved expenditure category in the operating or capital budget which exceeds 5% of the approved amount. This transfer authority does not apply to the amount approved for debt service; and

- c) furnish monthly status reports to each Council and Executive on the fiscal and budgetary activities of the Commission under the approved operating and capital budgets, starting with the end of the first quarter of the fiscal year. These reports must be submitted not later than 45 days after the last day of each month.
9. The Triadelphia and Rocky Gorge Watershed Study, Phase I, must be concluded by October 31, 2012. WSSC must publish rules for public access and recreational uses, including horse-back riding, boating, hunting, and fishing. Public access that is more restrictive than those policies in effect prior to WSSC's 2011 changes should be supported by science and or industry best practices. Phase 2 of the Study must not proceed without briefings to the Montgomery and Prince George's County Councils on the results of Phase I. The total budget of this study must not exceed \$225,000.

This is a correct copy of Council action.

Linda M. Lauer, Clerk of the Council
