Health and Human Services

MISSION STATEMENT

The Department of Health and Human Services (HHS) assures delivery of a full array of services to address the somatic and behavioral health, economic and housing security, and other emergent needs of Montgomery County residents. To achieve this, the Department (directly and/or via a network of community partners) develops and implements policies, procedures, programs, and services that: 1) offer customer-focused direct care and supports; 2) maximize financial and staffing resources to deliver services through effective management, coordination and pursuit of strategic funding opportunities; 3) pilot and evaluate innovative approaches to service delivery and systems integration; and 4) develop, enhance, and maintain a broad network of community-based organizations, public, and private agencies to promote and sustain partnerships, which increase the availability of needed services.

BUDGET OVERVIEW

The total recommended FY14 Operating Budget for the Department of Health and Human Services is \$253,791,455, an increase of \$1,488,293 or 0.6 percent from the FY13 Approved Budget of \$252,303,162. Personnel Costs comprise 58.6 percent of the budget for 1304 full-time positions and 332 part-time positions. A total of 1547.26 FTEs includes these positions as well as any seasonal, temporary, and positions charged to or from other departments or funds. Operating Expenses account for the remaining 41.4 percent of the FY14 budget.

In addition, this department's Capital Improvements Program (CIP) requires Current Revenue funding.

LINKAGE TO COUNTY RESULT AREAS

While this program area supports all eight of the County Result Areas, the following are emphasized:

- A Responsive, Accountable County Government
- Affordable Housing in an Inclusive Community
- Children Prepared to Live and Learn
- Healthy and Sustainable Neighborhoods
- Vital Living for All of Our Residents

DEPARTMENT PERFORMANCE MEASURES

Performance measures for this department are included below, with multi-program measures displayed at the front of this section and program-specific measures shown with the relevant program. The FY13 estimates reflect funding based on the FY13 approved budget. The FY14 and FY15 figures are performance targets based on the FY14 recommended budget and funding for comparable service levels in FY15.

Measure	Actual FY11	Actual FY12	Estimated FY13	Target FY14	Target FY15
Multi-Program Measures					
Percentage of students identified by schools to be at risk who are stabilized utilizing community resources without hospital intervention	95	96	95	95	95
Percent of REVIEWED HHS client cases that demonstrate beneficial impact from received services	98.0	86.0	92.0	92.0	92.0
Percentage of client cases needing assistance with multiple services for which effective team formation is documented	81.0	78.0	71.0	73.0	75.0
Percentage of client cases needing assistance with multiple services for which effective team functioning is documented	70.0	67.0	67.0	69.0	70.0
Percent of Medical Assistance applications approved for enrollment	76.0	71.0	N/A	N/A	N/A
Percentage of seniors and adults with disabilities who avoid institutional placement while receiving case management services	93.8	94.9	95.0	95.0	95.0
Weighted composite of HHS client cases that demonstrate beneficial impact from received services: Improved health and wellness (1-100 scale)	51.5	55.2	55.0	55.0	55.0
Weighted composite score of HHS client cases that demonstrate beneficial impact from received services: Greater independence (1-100 scale)	90.2	86.1	86.0	86.0	86.0
Weighted composite score of HHS client cases that demonstrate beneficial impact from received services: Risk mitigation (1-100 scale)	83.7	82.5	83.0	83.0	83.0

Actual FY11	Actual FY12	Estimated FY13	Target FY14	Target FY15
95.4	96.4	95.0	96.0	96.0
93.3	97.7	98.0	98.0	98.0
	FY11 95.4	FY11 FY12 95.4 96.4	FY11 FY12 FY13 95.4 96.4 95.0	FY11 FY12 FY13 FY14 95.4 96.4 95.0 96.0

¹ Beneficial impact will be specific to the program and will focus on risk mitigation, greater independence, and improved health.

ACCOMPLISHMENTS AND INITIATIVES

- Add two School-Based Health Centers at Viers Mill and Weller Road Elementary Schools and two High School Wellness Centers at Gaithersburg and Watkins Mill High Schools to provide coordinated medical care, preventive and psychosocial services, quality counseling, positive youth development, and health education to students and families in the school community.
- Add one Linkages to Learning site at Georgian Forest Elementary School to provide prevention and early intervention services include health, mental health, social services, and educational support to students and their families.
- Add resources to develop a countywide Mobility Management System (MMS) that can leverage other resources and coordinate them to meet the transportation needs of low and middle-income older adults in Montgomery County. The funds will also result in the development of a strategic marketing communications plan to publicize transportation programs to seniors which will leverage existing county resources for implementation.
- Enhance Home Delivered Meal Services to eliminate the waiting list and expand the services to the upper northwest corner of the County which currently has no home delivered meal providers.
- Enhance the Escorted Transportation Project with the Jewish Council for the Aging to expand and coordinate new and existing escorted transportation services.
- Add funding to support the implementation of the Electronic Health Record System in order to interface with the State of Maryland's Health Information Exchange.
- Add funding to support the ongoing operational and maintenance needs of the Enterprise Integrated Case Management System funded in the Capital Budget.
- Add four core previously grant-funded staff positions to support various developmental disability services.
- The Specialty Behavioral Health Services Adult Drug Court Treatment Program provided services to 120 offenders. The Adult Drug Court Program from its beginning through FY12 has had 96 graduates. The Clinical Assessment and Transition Services Program conducted 9,448 screenings and 2,200 assessments on individuals arrested in FY12.
- The Street Outreach Network served 286 clients in FY12, a 64 percent increase in the number of clients served the prior year. As part of the Network, the Upcounty Youth Opportunity Center opened in FY12. The Crossroads Youth Opportunity Center and the Upcounty Youth Opportunity Center served 496 clients, an increase of 87 percent.
- The African American Health Program (AAHP) worked on a year long HIV educational campaign and on June 27, 2012, National HIV Testing Day, the AAHP "Testing by the Hundreds" campaign exceeded its goal of educating and testing 1,000 African Americans and people of African descent in Montgomery County.
- In FY12, the Asian American Health Initiative (AAHI) conducted 5,421 educational encounters, 1,412 basic health screenings, including 540 on Hepatitis B, and 362 referrals for additional health services. During this time, AAHI promoted health and the prevention of diseases that disproportionately impact Asian Americans including cancer, Hepatitis B, diabetes, osteoporosis, and tobacco control.
- In tax year 2011, the Community Action Agency's Volunteer Income Tax Assistance (VITA) Partnership completed 1,806 total tax returns that helped residents to access refunds totaling \$3,969,451, including \$1,548,510 from Earned Income and Child Tax Credits, saving taxpayers \$341,334 in tax preparation fees. Taxpayers were expected to return \$665,494 in State and Federal taxes owed. Over 5,000 volunteer hours were utilized by the program.
- The Mandatory Flu Vaccination Policy became a legal requirement this year in the State of Maryland for covered employees in the local health department. Six months of planning with various partners including the Department's Public Health Services, Aging and Disability Services, Behavioral Health and Crisis Services, Office of Human Resources, and the Municipal and County Government Employees Organization's union officials led to

the launch of this policy in the fall of 2012.

- HIV Services and Montgomery Cares Program will begin to explore a partnership to offer comprehensive care to the County's indigent HIV-infected residents. The HIV program at Dennis Avenue Health Center will provide expert HIV medical care and case management to those residents in need receiving primary care through the safety net clinics.
- In FY12, the Medical Assistance Eligibility Program had an application compliance rate of 90 percent for pregnant women and children and maintained an 85 percent compliance rate for children and families. State mandated compliance rates are 80 percent for pregnant women, children, and families.
- Montgomery Cares Homeless Hospital Discharge Program was the recipient of "Best in Category" award from the National Association of Counties (NACo) for the "Safe Transitions."
- During FY12, the Women's Cancer Control Program provided 3,319 free breast cancer screening and diagnostic procedures for low income, uninsured female residents of Montgomery County.
- School Health Services had 582,175 visits to health rooms during FY12; 88 percent of these visits (511,119) resulted in children returning to class.
- In FY 12, Special Needs Housing held its first Homeless Resource Day on October 19, 2011. The event served over 300 homeless persons and provided them access to over 50 vendors offering access to income supports, flu shots, medical screening, vision checks, behavioral health programs, podiatrists, and haircuts.
- Special Needs Housing provided more than 5,400 emergency assistance grants totaling \$3.8 million to resolve housing and utility emergencies.
- The Welcome Back Center Workforce Solutions Program participants increased their wages, from entry into the program to being hired as registered nurses by an average of 181 percent.
- Productivity Improvements
 - Environmental Health Regulatory Services was able to reduce overtime by 16 percent in FY12 by eliminating
 after hours calls from the Fire Department regarding fires that occur at establishments and consolidating
 weekend special events. The Environmental Health Regulatory Services program performs the proper
 inspection to the facility the following morning before it is reopened after fires.
 - The Tuberculosis (TB) Control Program continues its partnership with the Maryland Department of Health & Mental Hygiene, to implement usage of a new blood test (QFT). The QFT provides increased sensitivity and accuracy, resulting in a decreased number of people needing X-rays and treatment for latent TB infection. As a result, the TB Control Program was able to eliminate a backlog of over 400 people waiting for treatment of latent TB infection. It has brought Montgomery County, which consistently has the highest rate of TB in the State, into a state-of-the-art realm of TB treatment.
 - In 2012, the Montgomery County Child Care Resource and Referral Center doubled the number of childcare providers trained to 1,258; the number of providers receiving technical assistance and consultation services increased by 1,200. Health consultation services continued to increase in FY12 with 5,373 child care providers receiving visits, telephone consultations, or training. Referrals and service to families in the Infants and Toddlers Program increased in FY12 by 277. ChildLink program referrals were up in FY12 by 188.
 - Child Welfare Services (CWS) was able to increase the number of children placed with relatives after they were removed from their parents' custody for safety reasons. This was a result of having more family involvement meetings before children are removed from their home. The parents can invite relatives or other supportive people, and CWS works with the extended family to design a plan where the child is safe. Relatives now have a guardianship subsidy (equal to foster care rates) so there is no financial barrier to taking relatives' children. Kinship providers were given custody and guardianship by the courts for 60 children. The total number of children in out of home placement was reduced by five percent to 474.
 - In FY12, as a result of the Behavioral Health and Crisis Services reorganization, the Clinical Assessment and Transition Services (CATS) Program rapidly expanded services, both in terms of coverage and types of services provided. CATS also developed new programming without interruption in client care or quality of services.
 - The Senior Nutrition Program (SNP) purchased and implemented an automated system (i.e., Univeral Participant Tracking UPT) that allows customers at senior congregate meal sites to use a magnetic card swipe system to sign in for meals. The UPT system is used in several other SNPs nationally, and enhances both the
