Description

This project provides for land acquisition, site improvements and utility (SI&U) relocations, construction management and construction for one new road, one new bikeway, one relocated road, and an intersection realignment improvement in the White Flint District area for Stage 1. Various improvements to the roads will include new traffic lanes, shared-use paths, undergrounding of overhead utility lines where required, other utility relocations and streetscaping. Preliminary and final engineering were funded through FY14 by White Flint District West: Transportation (CIP #501116).

The proposed projects for construction are:

1. Main Street/Market Street (B-10) - Old Georgetown Road (MD187) to Woodglen Drive – new two-lane 1,200-foot roadway.
2. Main Street/Market Street (LB-1) - Old Georgetown Road (MD187) to Woodglen Drive – new 1,200-foot bikeway.
3. Executive Boulevard Extended (B-15) - Marinelli Road to Old Georgetown Road (MD187) – 900 feet of relocated four-lane roadway.
4. Intersection of Hoya Street (formerly 'Old' Old Georgetown Rd.) (M-4A), Old Georgetown Road, and Executive Boulevard, including the approaches to Old Georgetown Road and the portion of Hoya Street from the intersection realignment of Hoya Street/Old Georgetown Road/Executive Boulevard to a point just north of the intersection to provide access to new development.

Estimated Schedule

1. Main Street/Market Street (B-10) - Design in FY14 through FY15, SI&U in FY16 through FY18, and construction in FY17 and FY18.
2. Main Street/Market Street (LB-1) - Design in FY14 through FY15, SI&U in FY16 through FY18, and construction in FY17 and FY18.
3. Executive Boulevard Extended (B-15) - Design in FY14 through FY15, SI&U and construction in FY16 through FY20.
4. Intersection of Hoya Street (formerly 'Old' Old Georgetown Road) (M-4A), Old Georgetown Road, and Executive Boulevard - Design in FY14 through FY15, land acquisition in FY16, SI&U in FY16 through FY18, and construction in FY17 through FY19.

The schedule assumes that all land needed for road construction will be dedicated by the major developers in a timely manner. The schedule also assumes the construction of conference center replacement parking will take place prior to the start of the roadway construction.

Justification

The vision for the White Flint District is for a more urban core with a walkable street grid, sidewalks, bikeways, trails, paths, public use space, parks and recreational facilities, mixed-use development, and enhanced streetscape to improve the areas for pedestrian circulation and transit oriented development around the Metro station. These road improvements, along with other District roads proposed to be constructed by developers will fulfill the strategic program plan for a more effective and efficient transportation system. The proposed improvements are in conformance with the White Flint Sector Plan Resolution 16-1300 adopted March 23, 2010.

Fiscal Note

The ultimate funding source for these projects will be White Flint Special Taxing District tax revenues and related special obligation bond issues. Debt service on the special obligation bond issues will be paid solely from White Flint Special Taxing District revenues. Resolution No. 16-1570 states that "The County's goal is that the White Flint Special Taxing District special tax rate must not exceed ten percent of the total tax rate for the District, except that the rate must be sufficient to pay debt service on any bonds that are already outstanding." If White Flint Special Tax District revenues are not sufficient to fund these projects then the County will utilize forward funding, advance funding, and management of debt insurance or repayment in a manner to comply with the goal.

White Flint West Workaround (P501506)

Disclosures

A pedestrian impact analysis has been completed for this project.
