## APPROPRIATION AND EXPENDITURE DATA (\$000s)

Appropriation FY 20 Request	1,400	Year First Appropriation	FY09
Cumulative Appropriation	14,703	Last FY's Cost Estimate	21,843
Expenditure / Encumbrances	13,138		
Unencumbered Balance	1,565		

## PROJECT DESCRIPTION

This project develops and implements plans for the prevention of pollution and the abatement and containment of potential pollution sources at County facilities - including the Department of Transportation, the Department of General Services depots and maintenance shops, and other county facilities and offices. This project provides for the design and construction of structural covered areas to ensure appropriate storage of hazardous materials and potential pollution sources at County depots. Work will also include replacement of the salt barns at County depots and addressing environmental compliance issues of petroleum Underground Storage Tanks (USTs) and associated piping at County facilities.

## ESTIMATED SCHEDULE

FY19: Seven Locks Fueling Station, Clara Barton Recreation Center FY20: Germantown Police Station, Milestone Fire Station #34

---

## COST CHANGE

FY18 decrease is from the transfer of \$140,000 to Planned Life Cycle Asset Replacement for the Data Center UPS system.

## PROJECT JUSTIFICATION

This project is supported by the Pollution Prevention Plan (P2) for County facilities and the Storm Water Pollution Prevention Plans (SWPPP) for County facilities to comply with aspects of the Federal Clean Water Act National Pollutant Discharge Elimination System (NPDES) Notice of Intent (NOI). Each of the County maintenance facilities must implement appropriate pollution prevention techniques to reduce contamination of stormwater runoff. Covered areas are required under the NPDES for all hazardous products and liquid drums that are stored outside to avoid the potential of drum deterioration, leakage and/or runoff contamination. Structural improvements of covered areas and salt barn structures are scheduled at the Silver Spring, Poolesville, and Bethesda Depots. This project also includes efforts to address environmental compliance issues of UST's and associated piping at County facilities.

## FISCAL NOTE

In FY18, \$140,000 was transferred to Planned Lifecycle Asset Replacement for the Data Center UPS system.

## DISCLOSURES

Expenditures will continue indefinitely.

## COORDINATION

Department of General Services, Department of Transportation, Department of Permitting Services, Department of Environmental Protection, Maryland Department of the Environment
