PROJECT DESCRIPTION

This project reconciles the Maryland National-Capital Park and Planning Commission's request with the County Executive's recommendation based on affordability considerations. The FY21-26 CIP was developed under constrained resources. For example, through the Spending Affordability Guideline process, general obligation bond and PAYGO funding were reduced by \$99 million over the six-year period to ensure greater operating budget flexibility. In addition, school and transportation impact taxes that free up general obligations for other uses, are estimated to be \$68.3 million below the FY19-24 six-year funding.

COST CHANGE

Reductions are based on affordability.
