Unencumbered Balance	1,043		

PROJECT DESCRIPTION

This PDF funds design and construction of hard surface trail renovations. Hard surface trails will accommodate bicyclists, pedestrians, strollers, inline skaters, and people with disabilities, where feasible. Projects include improvements to trails of countywide significance, throughout the Stream Valley Parks and Recreational/Regional Parks. These improvements include the renovation of trails including trail signage, safety improvements, minor relocations, drainage improvements, site restoration, amenities (i.e. drinking fountains, benches, trailheads), etc. Trail design will use Americans with Disabilities Act (ADA) Outdoor Recreation Guidelines and American Association of State Highway and Transportation standards while protecting natural resources.

COST CHANGE

Increase due to program escalation and the addition of two fiscal years to this ongoing project.

PROJECT JUSTIFICATION

Scheduled maintenance and renovation promotes safety and reduces long-term maintenance costs. In park user surveys, hiking and biking on trails is the most frequent recreation activity reported. Biking and walking paths top respondents' lists of desired facilities or greatest facility shortages. 2008 Countywide Park Trails 2005 Land Preservation, Park and Recreation Plan

FISCAL NOTE

Prior year partial capitalization of expenditures through FY16 totaled \$5,284,000.

DISCLOSURES

Expenditures will continue indefinitely. M-NCPPC asserts that this project conforms to the requirement of relevant local plans, as required by the Maryland Economic Growth, Resource Protection and Planning Act.
