PROJECT DESCRIPTION

This PDF funds design and construction of improvements to Trail - Road Intersections based on the County's adopted Vision Zero Action Plan. This PDF will create safety improvements and traffic calming for intersections of both Paved and Natural Surface Trails throughout the Park system. Projects may include signage, signalization, pavement marking, raised crosswalks, traffic calming measures, grading, drainage, pavement rehabilitation, etc. Trail intersections were initially analyzed and prioritized, but schedules may change as needs arise and implementation opportunities occur. Presently, there are 79 main hard surface trails at-grade crossings of roads, 47 natural surface trail at-grade crossings and an additional 54 hard -surface connector trail crossings for a total of 180 crossings identified.
