## PROJECT DESCRIPTION

This project provides for major roof replacement of County buildings.

## ESTIMATED SCHEDULE

FY21: Bethesda Pool, Wheaton-Glenmont Pool, Upper County Pool, Western County Pool, Seven Locks Maintenance Building.

FY22: Will evaluate and replace five (5) roofs in the lowest-ranked condition.

## COST CHANGE

Project cost change due to the addition of FY25 and FY26 to this level-of-effort project. FY21 funding level decreased by \$500,000 due to fiscal constraints.

## PROJECT JUSTIFICATION

The age of many County buildings creates the need for this project. Factors determining the need for replacement include poor condition, age, long-term utilization, and probability of continued repairs. The project consists of an annual replacement schedule for those roofs which have reached the end of their useful service life. Asbestos abatement is an important component of the roof replacement effort and will be performed when required. The roof replacements covered under this program are prioritized based upon an in-house priority schedule. Information generated in that condition survey will be the basis for future roof replacement projects. The March 2010 Report of the Infrastructure Maintenance Task Force identified an annual level of effort funding for roof replacement based on an average 20-year life for roof systems.

## DISCLOSURES

Expenditures will continue indefinitely.
