

Recreation

PROGRAM DESCRIPTION AND OBJECTIVES

The FY23-28 Capital Improvements Program (CIP) for the Department of Recreation reflects a continuing effort to provide recreation facilities and program services for all populations to participate in leisure activities. Emphasis is placed on increasing program opportunities for populations with special needs such as youth, senior adults, and persons with disabilities. Currently, the Department of Recreation is responsible for managing the following facilities: seven senior centers, 23 community/neighborhood recreation centers, four indoor and seven outdoor swimming pools, Good Hope Spray Ground, and a recreation warehouse.

The latest Recreation Facility Development Plan, 2010-2030, contains several Recreation initiatives, including a comprehensive facilities assessment for all existing sites in the FY23-28 CIP. It covers community/neighborhood recreation centers, senior centers, and indoor and outdoor pools, and was the primary reference guide for long-range recreation capital facilities development through 2030. The projects recommended in the FY23-28 CIP are consistent with this plan. The Recreation Facilities Refurbishment project focuses on the assessment and refurbishment of existing Recreation facilities.

The Facilities Site Selection: MCG project in the General Government section of the Capital Improvements Program includes site selection for the North County Regional Recreation and Aquatic Center.

The Department of Recreation, the Revenue Authority, and the Maryland-National Capital Park and Planning Commission (M-NCPPC) together provide the residents of Montgomery County with a variety of public leisure and recreational amenities: parks and athletic fields; community recreation centers; indoor and outdoor swim facilities; golf courses; indoor ice rinks; and indoor tennis facilities. Expenditure and revenue data are presented at the end of this section.

HIGHLIGHTS

- Addition of funds for a new Net Zero project for design and construction to improve the Holiday Park Senior Center building facade, including window replacement and a new building envelope for the center.
- Complete construction of the South County Regional Recreation and Aquatic Center in FY23.
- Add funds to the Recreation Facilities Refurbishment project to provide a structured process to ensure that all recreation center facilities are refurbished through repair or replacement of facility components.
- Program construction funding for the Swimming Pools Slide Replacement project to ensure the safety of pool operations through the repair or replacement of slides.
- Program construction funding for remaining project work at the Martin Luther King, Jr. Indoor Swim Center. Reconstruction of the pool deck will be completed for compliance with Americans with Disabilities Act requirements.
- Add funds for Net Zero energy conservation measures and to replace masonry, windows, and other building envelope components of the Kennedy Shriver Aquatic Center.
- Update the Glenmont Outdoor Pool to allow for extended season use of the outdoor pool both prior to Memorial Day and after Labor Day to cushion the impact of the Kennedy Shriver Aquatic Center closure during construction.
- Include a Poolesville Services Co-Location Study in the Facility Planning: MCG project.
- Complete implementation of the shared, on-line booking and sales software application used by the Office of Community Use of Public Facilities, Montgomery County Recreation Department, and the Montgomery Parks division of the Maryland-National Capital Park and Planning Commission in February 2022.

Contact Melanie Sasse of the Department of Recreation at 240.777.6800 or Shantee Jackson of the Office of Management and Budget at 240.777.2751 for more information regarding this department's capital budget.

Twelve ongoing projects totaling \$97.4 million comprise the six-year capital program for the Department of Recreation, representing a \$41.1 million or a 29.7 percent decrease from the amended FY21-26 program of \$138.5 million. This decrease is primarily due the completion the South County Regional Recreation and Aquatic Center project. These reductions are partially offset by cost increases for the Kennedy Shriver Aquatic Center Building Envelope Improvement project, a new Holiday Park Net Zero Initiative project, and the addition of FY27 and FY28 funding for Level of Effort projects. The KID Museum project will also be closed and excess funds removed since KID Museum support is in the operating budget.

PROJECT DESCRIPTION

This project provides funds for the development of non-governmental projects in conjunction with public agencies or the private sector. County participation leverages private and other public funds for these facilities. Prior to disbursing funds, the relevant County department or agency and the private organization will develop a Memorandum of Understanding, which specifies the requirements and responsibilities of each.

COST CHANGE

Cost increase due to the addition of FY27 and FY28.

PROJECT JUSTIFICATION

The County has entered into or considered many public-private partnerships, which contribute to the excellence and diversity of facilities serving County residents.

OTHER

See attached for Community Grants and CIP Grants for Arts and Humanities Organizations.

FISCAL NOTE

The County Council approved an FY21 special appropriation, Resolution #19-593, that increased FY21 by \$250,000 for a total of \$2.330 million, reduced FY22 to \$603,000 from \$1 million, and reduced FY23 to \$250,000 from \$1 million. The CE recommended \$1 million for FY23. Approved FY18 supplemental appropriation 15-S18-CMCG-13 added \$100,000 in State Aid to recognize FY15 State Bond Bill. Amended project approved in FY18 designated a total of \$300,365 of the \$400,000 project balance to 32 individual faith-based organizations, leaving a remaining unallocated balance of \$99,635 in the project for emergency capital grants. Approved FY19 supplemental appropriation 3-S19-CMCG-3 added \$400,000 in Current Revenue for Manna Food Center, Inc. and \$300,000 in Current Revenue for Sunflower Bakery, Inc. See Cost Sharing Grants attachment for Historical Fiscal Note regarding the Fillmore venue in Silver Spring and Old Blair Auditorium Project, Inc.

DISCLOSURES

A pedestrian impact analysis will be performed during design or is in progress. Expenditures will continue indefinitely. The County Executive asserts that this project conforms to the requirement of relevant local plans, as required by the Maryland Economic Growth, Resource Protection and Planning Act.

COORDINATION

Private organizations, State of Maryland, Municipalities, Montgomery County Public Schools, Community Use of Public Facilities, Department of General Services, Department of Economic Development, and Arts and Humanities Council of Montgomery County.

HISTORICAL FISCAL NOTE:

The State approved \$4,000,000 in State Aid from FY07 to FY09 for the Fillmore venue in Silver Spring. The County's required match of \$4,000,000 and \$6,511,000 was programmed. The Venue Operator agreed to purchase certain furniture, fixtures, and equipment for the project; \$150,000 of which would be used as the required County match. An agreement between the development partners and the County was executed. The Fillmore is now operational.

Old Blair Auditorium Project, Inc., in FY06-07 the County provided \$190,000 as a partial match for the State funds with \$50,000 in current revenue for DPWT to develop a program of requirements and cost estimate for the project, and bond funded expenditure of \$140,000 to pay for part of the construction. These funds were budgeted in the MCG: Cost Sharing project (No. 720601). In FY11, the funds were transferred to a new CIP Old Blair Auditorium Reuse project (No. 361113).

PROJECT DESCRIPTION

This project provides for the design and construction of an improved building facade which includes window replacement and a new building exterior for Holiday Park Senior Center. The purpose of this project is to improve life expectancy of the facility and to support the County's 2035 goal of zero Green House Gas (GHG) emissions for the operation of the County facility. Holiday Park is centrally located in Montgomery County, and serves as a resource facility and wellness support for many diverse and varied interest groups. Seniors that use the Recreation sponsored center find social and life enrichment activities open to all. Holiday Park is Montgomery County's largest senior center, serving more than 500 adults over the age of 55 daily. There are numerous drop-in and pre-registration programs offered, including but not limited to health and wellness lectures, travelogues, finance management counseling,

and musical performances.

LOCATION

3950 Ferrara Dr, Silver Spring, MD 20906

ESTIMATED SCHEDULE

Design work begins in Summer of 2023 with construction scheduled from summer of 2024 for a period of 18 months. This project will also coordinate the schedule for Americans with Disabilities Act (ADA) improvements.

PROJECT JUSTIFICATION

The Holiday Park Senior Center Facility was built in 1960 and has original windows and facade. Windows are old and require replacement. The facade needs improvement to protect the building structure and reduce energy loss. Currently installed Photo Voltaic (PV) panels provides roughly 75% of the energy for the facility. With building facade improvements and additional PV panel installation under the current Energy Saving program, the facility will meet the County's 2035 goal of zero GHG emissions for the facility operation.

OTHER

The project total cost is \$4.079 million with \$1 million funded by the Building Envelope Repair (P361501) project.

PROJECT DESCRIPTION

The Kennedy Shriver Aquatic Center opened in 1989. It consists of a 50 meter competitive swimming and diving pool, a 200 foot water flume, a separate leisure pool with two hydrotherapy areas, and a diving tower. Since its opening, the center has had problems related to the movement and condensation of moist indoor air through the building's exterior masonry walls, resulting in roof leakage throughout the building. The original scope of the project was to remove and restore existing windows and louvers; remove the 4-inch masonry veneer block throughout the facility, and correct louvers, windows, and penetration flashings; install spray-applied wall insulation functioning as both air/vapor barrier system; install new exterior masonry veneer wall system; and replace the existing roof. During the design evaluation of the entire facility, a structural review was performed for the existing conditions and it was determined that the existing exterior walls will require significantly greater structural modifications than known prior to the evaluation, which has increased the project scope, budget, and schedule to complete the work. In addition, it was determined that the pool equipment and the

HVAC systems were also at the end of useful life and also require full system replacements. The Office for Americans with Disabilities Act (ADA) Compliance in the Department of General Services also conducted a full review and design for implementation and remediation of all non-compliance issues at the Kennedy Shriver Aquatic Center. Taken in totality, the facility will require closure for a minimum of eighteen (18) months. Closure of the aquatic center is being coordinated with the Recreation Department and other CIP projects, including MLK Aquatic Centers and the anticipated opening of the South County Regional Recreation and Aquatic Center (Winter 2022), to limit the impact of closed indoor facilities on Recreation patrons. In order to facilitate a longer closure period for the Kennedy Shriver Aquatic Center project, a water heating system will be installed and weatherization of the shower rooms improved at the Glenmont Outdoor Pool to allow for extended season use of the outdoor pool both prior to Memorial Day and after Labor Day. These improvements will facilitate swim and revenue generating activities that would otherwise be eliminated or harmed by the extended closure of the Kennedy Shriver Aquatics Center.

LOCATION

5900 Executive Boulevard, North Bethesda, Maryland.

ESTIMATED SCHEDULE

Design work started in FY22 with some construction investigation continuing in FY23. Construction scheduled to start in FY24.

COST CHANGE

Cost increases reflect additional costs to achieve a Net Zero goal and to extend the usability of the Glenmont Pool to limit the community impact of the KSAC closure during renovation.

PROJECT JUSTIFICATION

During the design evaluation of the entire facility, a structural review was performed for the existing conditions and it was determined that the existing exterior walls will require significantly greater structural modifications than known prior to the evaluation, which has increased the project scope, budget, and schedule to complete the work. In addition, it was determined that the pool equipment and the HVAC systems were also at the end of useful life and also require full system replacements. The Office for Americans with Disabilities Act (ADA) Compliance in DGS also conducted a full review and design for implementation and remediation of all non-compliance issues at the Kennedy Shriver Aquatic Center.

PROJECT DESCRIPTION

The Project involves the acquisition and renovation of a building to establish a permanent home for a world-class experiential STEM and cultural learning center for children and families in the region. KID Museum is looking for a building of approximately 50,000 square feet in size to provide high quality programs. Upon acquisition, the building will be redeveloped under a public-private partnership for occupancy by KID Museum, a non-profit organization serving families and elementary/middle school students. The interior improvements will be designed and constructed by KID Museum pursuant to a Memorandum of Understanding (MOU) with the County. Funding for these improvements will be raised from private and public sources. The improvements include demolition of existing office partitions, construction of additional bathrooms and access enhancements, and construction of maker spaces, exhibition spaces, assembly spaces, and administrative spaces.

Efforts to date to acquire a suitable site for KID museum have been unsuccessful, so the Museum has opted to rent an expanded facility on an interim basis. This will allow KID museum to immediately expand its partnership programs with Montgomery County Public Schools (MCPS) to address COVID-19-related learning losses, serve at risk children, and provide hands-on learning programs for more children and their families. As a result, the County's support for KID museum will shift to the operating budget, and this CIP project will be phased out. For FY22, Recordation Tax Premium funds were left in the project to facilitate FY23 operating budget funding.

LOCATION

To be determined. KID Museum continues to explore new locations in partnership with the City of Rockville.

ESTIMATED SCHEDULE

The project schedule will be updated once a suitable site is found.

COST CHANGE

In FY22, the County's support for KID Museum shifted to the Operating Budget.

PROJECT JUSTIFICATION

The County intends to acquire a building to facilitate growth of STEM and 21st century educational opportunities offered by KID Museum. It reflects the County's leadership role in enabling the growth of cultural facilities (e.g., Music Center at Strathmore, Imagination Stage, etc.), which provide broad and essential educational opportunities to diverse student populations. KID Museum has formed a successful, district-wide partnership with MCPS for hands-on student learning in STEM-related fields, and is unable to fulfill growing demands for services in 7,500 square feet of leased space at Davis Library in North Bethesda. This capital project will expand substantially the space available for instructional activities and inter-generational programs. KID Museum is a Maryland corporation and is exempt from taxation under federal law. It currently serves approximately 55,000 patrons annually. It projects visits by approximately 250,000 patrons once its operations relocate to a larger and more suitable location. As a dynamic hub for informal learning and unique community gathering space for people from all walks-of-life, KID Museum will become a new kind of cultural anchor for Montgomery County that empowers youth from diverse backgrounds to become the innovators and change makers of the future. In so doing, the project reflects the County's deep commitment to education, innovation, and diversity and will create a regional attraction that reinforces and elevates these core values.

FISCAL NOTE

In FY22, the County's support for KID Museum shifted to the Operating Budget. KID Museum \$1.2M funding in the Recordation Tax Premium reallocated to MCG Recordation PDF. Recordation tax premium funds have been left in the project to facilitate FY23 operating budget support. The City of Rockville's prior financial commitment is assumed to continue. The County's contribution is toward the design and renovation of the building. The County Council intended to appropriate \$1,000,000 in FY19 for design, and KID Museum would raise a matching \$1,000,000 from other sources for construction. The Council intended to appropriate the remaining construction funds as a 1:1 match to funds raised by KID Museum from other sources. Assuming a partnership with the City of Rockville as originally intended, apart from closing costs, no design funds may be spent until a copy of the finalized agreement between the County and the City of Rockville for co-ownership of the building and a finalized MOU between the County and KID Museum for use of the space is provided to the Council. Addition of \$2,930,000 in GO Bonds to FY20 reflects the intention of Council to provide full funding for the project.

COORDINATION

KID Museum, Department of General Services, Department of Permitting Services, and City of Rockville.

PROJECT DESCRIPTION

The main Natatorium includes a 60-feet wide by 120-feet long competition pool with a movable bulkhead. The main pool volume is 361,000 gallons, with a flow rate of 1,050 gallons per minute (GPM), a surface area of 7,200 feet, and a turnover rate of six hours. There is also a diving pool and diving tower with one meter and three meter diving boards and a diving platform. Additional space within the structure contains the entrance lobby, spectator areas, shower/restroom/locker facilities, leisure, teaching, and hydrotherapy pools along with extensive mechanical, electrical, and plumbing facilities. MLK Indoor Swim Center has been in operation for over 35 years without any major renovation/modernization initiatives, and many of the building components and systems are at the end of their useful life. Multiple evaluations of building systems have been performed and extensive upgrades to, if not outright replacement of, entire building systems are recommended. If any of these systems fail, the facility will be unable to continue operating. The purpose of this project is to accomplish required renovations to protect the capital asset and to allow the facility to continue providing regular service to its customers.

LOCATION

1201 Jackson Road, Silver Spring, Maryland.

ESTIMATED SCHEDULE

All work associated with the renovation excluding Americans with Disabilities Act (ADA) compliance of the pool deck is completed.

PROJECT JUSTIFICATION

Initiating this project and completing the renovations/replacement in a planned, methodical approach is preferable to a system failure that would close the pool for extended unplanned emergency repairs. Many building systems will be affected, including roof, HVAC, pool filtration, and pumps along with accessibility and operating program elements. This renovation will require that the entire facility be closed.

PROJECT DESCRIPTION

This project will include an approximately 46,200 gross square foot community recreation center. This building will include typical elements, such as, a gymnasium, exercise room, social hall, kitchen, senior/community lounge, arts/kiln room, game room, vending space, conference room, offices, lobby, restrooms, and storage space in association with the development of the Kennedy Shriver Aquatic Center and Wall Park.

ESTIMATED SCHEDULE

The project schedule is dependent upon the implementation of the White Flint Sector plan and affordability considerations.

PROJECT JUSTIFICATION

This region, with a population approaching 100,000, is currently served by one community recreation center located in Chevy Chase, which is designed to serve a community of 30,000. Residential development in the northern sector of this region has been significant in recent years, and additional development is in process.

PROJECT DESCRIPTION

Effective April 12, 1995, the County Council enacted legislation providing for the creation of a Public Arts Trust. The purpose of this program is to incorporate art into public facilities and sponsor privately-funded temporary or permanent displays of art on public property. As written, the County Chief Administrative Officer (CAO) administers the trust in consultation with the Arts and Humanities Council of Montgomery County (AHC MC), Montgomery County Public Schools, Montgomery College, and the Maryland-National Capital Park and Planning Commission. The request for County funds for this project will be determined annually. The guidelines state that the annual request for the next fiscal year will be 0.05 percent of the total approved programmed capital expenditures for the current year Capital Improvements Program of the County Government, Public Schools, Montgomery College, and the Maryland-National Capital Park and Planning Commission. Each year, the County Council should consider appropriating this amount but may appropriate any amount.

COST CHANGE

Yearly cost increases added in FY27 and FY28.

PROJECT JUSTIFICATION

Bill 12-94, a revision to the Art in Public Architecture law, provides for the creation of a Public Arts Trust. The Public Arts Trust is administered by the County CAO.

FISCAL NOTE

FY 21 funding updated to reflect Resolution 19-592 that added an additional \$218,000 in appropriation to FY21. Due to fiscal constraints, FY21 was reduced by \$109,000 which is half of the approved FY21 Council supplemental increase. \$50,000 FY18 Special Appropriation approved by Council in July 2017. The Public Arts Trust is implemented through the Department of Recreation via an outside contract with the AHCMC.

DISCLOSURES

Expenditures will continue indefinitely.

COORDINATION

PROJECT DESCRIPTION

This level of effort project is intended to provide a structured process to ensure that all recreation center facilities are refurbished through repair or replacement of facility components. A facility assessment will be conducted to evaluate the level of repair or replacement for each facility and create a program of requirements with an associated construction cost estimate.

ESTIMATED SCHEDULE

The project started in FY22 and continues through FY28 and beyond for refurbishment of all Recreation facilities including pools and centers. The Recreation Department will identify the facilities and scope of the work through a facility assessment prior to design and construction process. Projects will be prioritized based on facility assessment results and programmatic needs. Coffield Community Recreation Center will be one of the first to be addressed.

COST CHANGE

Yearly cost increases added in FY27 and FY28. Funding and unused project balance in Recreation Facility Modernization (P720917) shifted to this project.

PROJECT JUSTIFICATION

Many of the Recreation Department's facilities have not been updated for a long time. This project will ensure that: 1) the County's capital investments are protected by maintaining the Recreation Department's building infrastructure, 2) all new and required construction codes are addressed and implemented, 3) critical equipment and building systems are overhauled or replaced prior to failure, and 4) reorganization of internal space is completed to insure that space is fully utilized based on the community's needs for programs and services.

FISCAL NOTE

FY23, Current Revenue: General funding of \$50K in FY23 and FY25, and unused project balance of \$117K shifted from Recreation Facility Modernization (P720917).

DISCLOSURES

Expenditures will continue indefinitely.

PROJECT DESCRIPTION

This project provides for a comprehensive plan and renovation of recreational facilities to protect the County's investment in recreation facilities and to sustain efficient and reliable facility operations. Improvements that may be provided from this project include mechanical/plumbing equipment, code compliance, Americans with Disabilities Act compliance, lighting system replacements, building structural and exterior envelope refurbishment, and reconstruction or reconfiguration of interior building or exterior site amenities. This project also includes developing a plan to address the renovation needs of each facility listed below based on their age and condition. The plan will include a Program of Requirements, scope of work and cost estimates. Funding will be used to support Program of Requirements development for the following facilities: Margaret Schweinhaut Senior Center and Clara Barton Neighborhood Recreation Center.

ESTIMATED SCHEDULE

A condition assessment of pool slides will be conducted during early 2020. Follow-up repair or replacement work will be funded out of

the Swimming Pools Slide Replacement project. Assessment of the Margaret Schweinhaut Senior Center and Clara Barton Neighborhood Recreation Center will occur in FY23 and FY24 respectively.

COST CHANGE

Project funding and unused project balance shifted to Recreation Facilities Refurbishment (P722105).

PROJECT JUSTIFICATION

Renovation requirements will be based on facility assessments of the site and building infrastructure and programmatic requirements. Originally this project was initiated to proceed with master planning of five Neighborhood Recreation Centers, two Community Recreation Centers, and one Senior Center. This project serves as a mechanism to prioritize projects and to begin facility renovations.

FISCAL NOTE

FY23, Current Revenue: General funding of \$50K in FY23 and FY25, and unused project balance of \$117K shifted to Recreation Facilities Refurbishment (P722105).

PROJECT DESCRIPTION

This project provides for the County's estimated costs for a new regional recreation and aquatic center in the Central Business District of Silver Spring. This project will include approximately 133,183 gross square feet (GSF) of public recreation space within Housing Opportunities Commission's (HOC's) larger housing project. The facility will include typical recreation and leisure activities, such as pools for swimming and low level diving, exercise, aquatic play, high school competitions, training, and teaching. A gymnasium, exercise and weight room spaces, movement and dance studios, multipurpose activity rooms, public use space, and social space with a culinary arts kitchen will also be included. Senior programs will be coordinated with Holy Cross Hospital's "Senior Source."

LOCATION

This amenity will be located on the Elizabeth Square site, bordered by Apple Avenue to the south and Fenwick Lane to the north, with the CSX railroad right-of-way on the west.

ESTIMATED SCHEDULE

Construction began in 2019 with completion expected in mid FY23.

COST CHANGE

Expenditure schedule updated.

PROJECT JUSTIFICATION

This project has been included in long-range planning by the County in its Montgomery County Recreation Facility Development Plan, 2010-2030 as one of four regional recreation facilities to serve the County. This plan is based on the results of the County's Vision 2030 assessment, completed and published in 2011. The Southern Region, around the Greater Silver Spring Area, was found to be significantly under served for recreation and park amenities when compared against total population. Only two smaller community recreation centers, one small indoor pool, and one seasonal outdoor pool serve this area currently and no services are available in downtown Silver Spring. The project achieves a County goal of co-locating affordable housing with other County services. Through co-location, the County will achieve cost savings, program efficiencies, and improved service to residents.

OTHER

The Elizabeth Square Development project is a Public-Private Partnership between Housing Opportunities Commission (HOC) and Lee Development Group. The proposed plan is to redevelop the existing Elizabeth House, a senior Public Housing property, and a substantial renovation of Alexander House Apartments, a mixed-income multifamily property, in downtown Silver Spring. At full completion of the redevelopment, Elizabeth Square Development will provide for a combined 326 moderately-priced dwelling units (MPDU), Work Force Housing Units (WFHU), and other affordable housing units out of a total 906 units, with the inclusion of the new aquatic and recreational facility within the footprint of the larger construction. Housing costs are not a part of this project.

FISCAL NOTE

The County's contribution will pay for the design of the recreation and aquatic center facility, tenant fit out, furniture, fixtures, equipment for the new facility, and staff time during design and construction. FY17 Supplemental appropriation of \$3,800,000 in GO Bonds was approved for this project. FY19 Supplemental for \$17,016,000 in GO Bonds. In FY19, this project received a transfer of \$500,000 in GO Bonds from North Potomac Community Recreation Center, P720102 and a transfer of \$170,000 in GO Bonds from Western County Outdoor Pool Renovation and Modernization, P721501.

DISCLOSURES

A pedestrian impact analysis has been completed for this project.

PROJECT DESCRIPTION

This level of effort project is intended to provide a structured process to ensure the safety of pool operations through the repair or replacement of slides. A facilities assessment has been conducted to evaluate the needed level of repair or replacement and to create a priority list.

ESTIMATED SCHEDULE

The project starts in FY23 and continues through FY30 for replacement of eight pool slides. The Recreation Department identified the slides and scope of the work through a slides assessment process in FY20. Slide repairs will be coordinated with the annual closure of indoor and outdoor pools to minimize the impact of construction on pool operations.

COST CHANGE

Expenditure schedule updated.

PROJECT JUSTIFICATION

Most slides were constructed many years ago and many have disintegrated slide surfaces or rusted structural elements which could create safety issues if not repaired. This project ensures that slides are repaired in a systematic sequence based on their condition. The exact cost of slide repair or replacement will be determined based on more detailed studies that will be performed during the design and engineering phase of each slide.

DISCLOSURES

Expenditures will continue indefinitely.

PROJECT DESCRIPTION

This project relocates surface parking from the Wall Park and the Kennedy Shriver Aquatic Center (KSAC) to an adjacent parking garage on private property, as suggested in the White Flint Sector Plan. The adjacent property owner, Gables Development, has an approved site plan and is going forward with a larger residential project. As part of their site plan approval, Gables Development is required to reserve space for up to 400 parking spaces to be built and used by the County to serve both KSAC and a possible future expansion for a Regional Recreation Center. As part of the residential project, the developer is building an 850 space garage, with 250 of those spaces owned by the County through a condominium regime. The parking garage will be linked to KSAC through a public drive and pedestrian paths. Space is being reserved for a possible addition of County spaces to the garage if they are needed in the future for an expanded Recreation Center. This space will be reserved for 10 years from the date of Gables' site plan approval. The garage project will allow for the removal of most of the current surface parking in Wall Park and the creation of an interim park with large green spaces and loop trails, with plans for a future urban park with varied amenities.

LOCATION

The project will be located on the Gables residential site which is immediately adjacent to the Kennedy Shriver Aquatic Center

(KSAC) at 5900 Executive Boulevard, North Bethesda, MD and will be accessed from KSAC's current entrance on Executive Boulevard.

ESTIMATED SCHEDULE

Assumes developer implementation delays until FY25.

PROJECT JUSTIFICATION

The White Flint Sector Plan was approved by Council in 2010. This plan allows for significantly higher density than the existing development. Based upon the market, the majority of development planned for the first phase has been multi-family residential. Along with providing a more walkable area through new programmed capital roads, streetscape, and biking facilities projects, there is a great need for open space that can be easily accessed by both the urban dwellers moving into this dense redevelopment area and by the local community. Wall Park could provide that open space now and will eventually provide an urban park with varied amenities, but only if the surface parking is removed. The roads adjacent to this site are currently being reconfigured and facilitation of this project will allow the County to obtain dedicated right of way needed for use in the ongoing White Flint West Workaround road project. As part of the Gables Residential project, there is an opportunity to have the surface parking replaced by a much larger garage. This will take advantage of the economies of scale by providing the development of parking at a lower cost than if the County had to build its own garage and will result in the County ownership of 30% of the garage spaces under a condominium regime.

FISCAL NOTE

FY18 supplemental for Wall Park Garage and Park Improvements approved \$6,582,000 in FY18 appropriation.

PROJECT DESCRIPTION

This project provides for planning and site feasibility activities for a new arts and cultural facility to be located in the Wheaton Arts and Entertainment District. Potential sites include a County-owned parking lot site in the downtown Wheaton area. The project's specifications, including the potential for affordable housing, will be evaluated for the selected site.

ESTIMATED SCHEDULE

Project activities will continue.

PROJECT JUSTIFICATION

A Program of Requirements (POR) funded out of the Facility Planning: MCG project was completed in FY20. The POR specifications provide for requirements for the facility. The ultimate design and configuration of the facility will depend on the characteristics of the selected site.

FISCAL NOTE

Funding for this project was shifted from the Facility Planning: MCG (P508768) project.

DISCLOSURES

A pedestrian impact analysis will be performed during design or is in progress.

COORDINATION

Department of Recreation. Department of General Services.
