In order that you are informed about the right to request oral argument before the District Council, we call your attention to Section 59-7.2.1.D.3.c of the Zoning Ordinance, which pertains to oral argument. You may also wish to consult the County Council's Rules of Procedure.

Zoning Ordinance §59--7.2.1.D.3.c. provides:

- Any party of record or aggrieved party may, within 10 days after the Hearing Examiner issues a report and recommendation, file a written request with the District Council to present oral argument.
- i. Any party who submits a request for oral argument must send a copy of the request to all parties of record.
 - ii. The request must concisely state the matters desired to be presented at the oral argument. The District Council may grant or deny the request. The District Council may, on its own motion, require oral argument on any aspect of the case. When oral argument is allowed, the District Council must:
 - (a) set the day and time for oral argument;
 - (b) limit oral argument to specific topics;
 - (c) set time limits for oral argument; and

- (d) specify the order of presentations.
- iii. Each oral argument must be limited to matters contained in the record compiled by the Hearing Examiner.
- iv. After oral argument, the District Council must either decide the application or remand the application to the Hearing Examiner for clarification or taking additional evidence.
- v. Any interested party may, within 5 days after a request for oral argument is filed with the District Council, file a written opposition to a request for oral argument or request to participate in oral argument if oral argument is allowed. The opposition must be concise and limited to matters raised by the party who requested oral argument. Any party who files an opposition or request to participate must send a copy to all parties of record.

No attempt should be made to discuss the merits of this case with any councilmember since *ex parte* communications are prohibited by law.

You will be notified by the District Council if your request for oral argument is granted and at what time and place it will occur. You should contact the Council office (240-777-7900) to determine the agenda date and time for Council action.

Final action to approve, deny, or remand an application is governed by the provisions of the Zoning Ordinance and the Maryland Land Use Article, Code Ann. § 21-101(a)(4)(i) (2012). The following elements are involved in the process:

1. The decision of the District Council must be rendered within sixty days of the hearing examiner's report unless the time is extended by the District Council.
2. The affirmative vote of five members of the District Council is normally required to adopt a resolution granting a reclassification; however, an affirmative vote of 6 members of the District Council is required to approve an application if:
 - a. approval would be contrary to the recommendation of the municipality in which the property is located; or
 - b. the Planning Board does not recommend approval of the application.

If the required number of affirmative votes is not obtained, the application is denied.

3. All resolutions will be accompanied by an opinion of the District Council containing its conclusions and reasons. A copy of the resolution and opinion will be mailed to all persons entering their appearance at the hearing.
4. The time for appeal from a final decision of the District Council, including a denial for want of the necessary total of affirmative votes, runs from the date of the resolution or from the date the application was denied for want of the necessary total of affirmative votes.
5. Any party aggrieved by a decision of the District Council may file a petition for judicial review of the decision within 30 days after the District Council's action under the Land Use Article.
6. The decision of the District Council on any application for a Local Map Amendment is final, except that the District Council on its own motion may, within 30 days, reconsider its decision on any application. A decision to reconsider stays the time in which a party may file for petition for judicial review.
