

To Whom it may concern:

January 29, 2025

As a resident of Clarksburg Town Center for nearly 23 years. One of the reasons I purchased a home here was based on the shopping center we were promised by the developers. I've now been looking at a pile of dirt for what seems like decades.

I fully understand that the grocery store needs gas pumps to help direct more traffic and realize that it will indeed increase their revenue stream.

I support Weis installing gas pumps and do not want any further delays in building the Shopping Center.
