

Kate,

As long time residents of the Clarksburg Town Center neighborhood (since 2004), my wife and I give our 100% support for the Clarksburg Conditional Use Application. We've reviewed the application and fully understand what it entails. And we firmly believe that it is an important component of the Clarksburg Town Center which has the overwhelming majority support of the residents who desire to see the long awaited Town Center completed.

Please contact me if we can provide any further detail.

Thank you,

Mark Lieberman
