Approximately 30 people were in attendance @ this morning's LW Budget & Finance Advisory Committee meeting.

Immediately upon calling the meeting to order, Committee Chair Phillip Marks yelled out -

"Sheryl - turn it off -- SHERYL - turn it off - turn off your computer - you're recording on it."

Responding to his false accusation and personal attack, I said, "my computer? -- absolutely not" -

Marks yelled - "SHUT IT DOWN".

slk: "No, I'm not shutting it down."

Marks: "then you're going to leave the room."

slk: "No, I'm not."

Marks " **You wanna bet?**"

slk: "Yes, I do"

Marks: "OK" then turning to LW employee Kenia Ibanez - he instructed her to leave the room and get security

slk: "there is already a rule that computers are allowed --"

interrupting me Marks said, "but recordings are not"

slk: "I'm not recording on my computer"

Marks: "I don't believe that"

slk: "Well that's beside the point that you don't believe that"

Sometime later, Chief of Security Schultz entered the room - bent down beside me - I showed him this 2017 email sent by then LW BOD Chair, David Frager notifying every Board and Committee member

After reading it - Mr. Schultz thanked me and left the room.

I immediately notified by email the Montgomery County Office of Human Rights of this ongoing violation, harassment and intimidation being conducted by by Leisure World officers and representatives, as part of an already submitted complaint under current investigation.

Good evening all:

Just a reminder – if someone desires to use an electronic device to “take notes” during an open meeting, they should be allowed to do so. **This has been the subject of a discrimination complaint** and I believe our current organizations are complying with this policy and will continue to do so.

David Frager, Board Chair
