Support: Special Exception Application of Holton-Arms School, Case No. CBA-1174-E

To the Office of Zoning and Administrative Hearings:

We are very supportive of Holton-Arms increasing enrollment numbers for both the student body and summer camps, and we also believe the school should be able to rent out its facilities to third parties. Many schools in the area do this, and we feel it is a sensible way for the school to introduce the campus and the Holton experience to potential future students and their families.

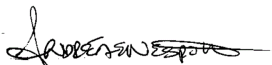

We are also writing to share our experience with the Holton bus system. Our daughter takes the bus each morning, and it has been a reliable and helpful part of our family's routine. With three children attending three different schools, the bus significantly reduces the stress of getting everyone where they need to be.

Our daughter has enjoyed riding the bus and values the time with other students. It has also helped her build independence and take responsibility for her daily routine. We have found the bus system to be efficient, well organized, and a meaningful support for families with busy schedules.

Our family is in support of the Holton request for a special exception modification that would allow the school to increase enrollment both for the student body and summer camps and we agree with providing the flexibility to allow the school to rent out its facilities to a vetted third-party user. We thank you for your consideration.

Sincerely,

Andrea Nespola
