Subject: RE: [EXTERNAL]RE: Applicant's Response to Attorney Bil Chen's Motion to Compel Immediate Filing of Amended Application and Related Relief

Ms. Robeson Hannan,

My apologies for the delayed response, but I had to wait to hear back from members of the project

team on the status of various efforts before I could respond.

Let me answer your second question first. The Applicant was already made aware by MHG and Planning Staff that the FCP would likely necessitate that the record be kept open after the hearing. The FCP could have been prepared in a conceptual manner for the sake of expediency as was initially suggested by Planning Staff. But doing so would have meant having to go back and further amend after this current process, which would not have served the School's interests. It will be a Planning Director level review/approval so I would expect it to take about 30 days for review/approval after it is accepted for filing, but it is possible we could get it sooner. We do not wish to postpone this hearing any further.

It is not that I disagree about whether opposition pre-hearing submissions are due March 23 or April 1. They are due March 18 because that is 20 days before the hearing. I understand this to be the issue for the opposition and so I proffered an additional 5 days for review/response until March 23, effectively shortening the Applicant's time by 5 days to prepare/respond at the hearing to what will likely be multiple opposition submissions in this matter.

To also make the Applicant submit the rest of its pre-hearing submission nearly a week before everyone agrees it was due, which has nothing to do with this disagreement about the significance of February 13, is simply unfair and not justified under OZAH Rules of Procedure. The School and its team have worked as diligently as possible to prepare its case while navigating external forces outside of the School's control, specifically the particularly unfavorable winter weather, and expected to have until March 6 to finish preparation of the pre-hearing submission.

Nonetheless, the Applicant can commit to submitting its pre-hearing submission by **March 2 by 11:59 PM**, assuming this means all opposition pre-hearing submissions will be due on **March 23** and the hearing will proceed as currently scheduled. While I am aware it is typical for OZAH deadlines to fall at close of business, we will need as much time as possible between now and next Monday to ensure the pre-hearing submission is ready.

The School believes this is a significant concession to allow opposition parties adequate time to prepare and would request the Hearing Examiner's confirmation that no delay of the hearing will be entertained.

Subject: [EXTERNAL]RE: Applicant's Response to Attorney Bil Chen's Motion to Compel Immediate Filing of Amended Application and Related Relief

Unfortunately, I pressed “send” too soon on my prior email.

My second question is regarding the timing of the Forest Conservation Plan (FCP). It did not appear that Staff could review it in time for the public hearing. As you know, I cannot approve a special exception modification without “considering” the FCP. See, *Montgomery County Code*, Section 22A-11(c). We can have the hearing if you wish and leave the record open until to receive the FCP, or we can postpone the public hearing to a time where we will have the Planning Board’s approval of the FCP.

Please comment.

[EXTERNAL EMAIL]

Ms. Robeson Hannan:

First, I would request that Mr. Chen afford me the same level of respect in these proceedings in his communications that I have been trying very hard to continue afford him whether or not I believe it is due.

Mr. Chen is incorrect. The Preliminary Plan condition as written is inconsistent/contrary to the Board of Appeals authority to approve Major Modifications and make Adequate Public Facilities (APFO) findings for special exceptions in lieu/outside of the Planning Board's preliminary plan purview. The School is not limited to 630 students and hasn't been since the Board increased the cap in 2004. There will not be a separate APFO review required by the Preliminary Plan Amendment, as all necessary findings in that regard will have been made by the Board of Appeals on recommendation by OZAH under the current special exception modification.

Subject: [EXTERNAL]RE: [EXTERNAL]RE: [EXTERNAL]RE: [EXTERNAL]RE: [EXTERNAL]RE: Motion to Compel Immediate Filing of Amended Application and Related Relief

Madam Examiner: What attorney Lee-Cho is NOT disclosing is that the referenced Preliminary Plan Amendment is to increase the authorized student population for Holton Arms as authorized by its 1987 Preliminary Plan and Record Plat. By those approvals Holton Arms has an expressly limited student population of 630. She is not disclosing this information.

In other words, for years, since 1987, Holton's student body has been in violation of its Preliminary Plan and Plat although the special exception authorized 665 in, I believe, 2004. This apparently was discovered by M-NCPPC staff this past Fall because in its report (Nov 3, 2025) it suggests a condition that Preliminary Plan No. 119871710 be modified as the condition limiting enrollment and clarify that the determination of APFO has been and will continue to be made with the special exception case. That is why an amendment to the Preliminary Plan has been filed by Holton.

And, of course, Holton has also been in violation of the 2004 authorized 665 students.

Bil Chen.

Subject: RE: [EXTERNAL]RE: [EXTERNAL]RE: [EXTERNAL]RE: [EXTERNAL]RE: Motion to Compel Immediate Filing of Amended Application and Related Relief

Ms. Robeson Hannan:

The Preliminary Plan Amendment is not directly related to the current Special Exception case. It is a correction to one of the conditions of approval to properly reflect/acknowledge the Board of Appeals' modification procedures for special exceptions that planning staff noticed

during their research/review of the Special Exception case and suggested could be filed/processed at the same time as the FCP. It does not entail preparation of a new/revised plan.

Checklists are only required for Planning Dept regulatory items, it is not required for special exceptions. The checklists are form documents completed by Planning Staff and provided to applicants and/or their engineers in order to file amendments to Planning Dept regulatory items, i.e., FCPs, Preliminary Plan Amendments, Site Plan Amendments, etc.

We are working to file a formal response to Mr. Chen's Motion to Compel later today.

We were also, prior to the need to respond to the Motion to Compel, working on submitting to OZAH and all parties of record, a formal Motion to Amend (which we had been hoping to finalize this week but at this point may not be able to until Monday). The extent/scope of the Motion to Amend is to 1) address the case numbers issue raised on November 17th (regarding which we conducted comprehensive research) and in fact 2) **withdraw** the request to continued administrative office use of the Granger House from the application.

The only plans that are being prepared/submitted is an existing conditions site plan that is more detailed than the one in the record per the Hearing Examiner's request (showing no proposed changes) and the FCP covering offsite intersection work.

Ms. Lee-Cho, I'm unclear what you mean when you say that you are waiting for the Preliminary Plan Amendment Checklist for two reasons. This is a conditional use, so the preliminary plan would not be applicable, unless you are filing that concurrently with the special exception/conditional use plan checklist. If so, are you still waiting for a Conditional Use Plan checklist?

In addition, the checklists are online. So does this mean you haven't "received" the checklist from your engineers?

Also, **please advise when you will be filing a formal response to Mr. Chen's Motion to Compel.** I believe implicit in Mr. Chen's Motion is a request to shorten the time to respond. I will take a request to shorten the time under advisement until I hear from you when you will respond.

I am concerned that Staff will not have sufficient time to review the modifications if the revised plans are not filed until March 2nd. Given the number of people involved in this case, I want to make sure that Staff/Director has sufficient time to review the amendments and (1) have the Planning Board review if necessary, or (2) issue their recommendations 10 days before the next hearing scheduled on April 7, 2026. By my calculations, 10 days before the next hearing is **March 27, 2026.**

Ms. Robeson Hannan:

I can answer Mr. Chen's question directly. "Reached out" means that the Applicant has requested Checklists to file both the FCP and Preliminary Plan Amendment applications. The FCP was received but we're still waiting on the Preliminary Plan checklist. A checklist is form document completed by staff that is required in order for an applicant to be able to file.

Madam Examiner: Respectfully, the M-NCPPC staff email that Holton Arms "has reached out to begin the FCP and Preliminary Plan amendment process" is too vague and unclear. What does "reached out" mean? That terminology should be explained. The staff should include reporting specifics, including date(s) and exactly what has been communicated and/or filed.

Bil Chen.

Ms. Lee-Cho, given the timing on this, how soon will you be filing your formal response?

I am addressing this to Ms. Garcia as well because I received the attached email that did not copy all parties and I am disclosing it for the record because it is an *ex parte* communication prohibited by the Code. I will not admit any correspondence into the record unless and until all parties are copied. In addition, it is a tremendous amount of work for OZAH Staff to continue to add the email addresses for the multiple parties to emails.

Ms. Garcia, this is not formally accepted as an exhibit until you copy all parties on the email. At this point, I am only disclosing it for the record.

Best,

Lynn Robeson Hannan
Hearing Examiner

Subject: RE: [EXTERNAL]RE: Motion to Compel Immediate Filing of Amended Application and Related Relief

[EXTERNAL EMAIL]

Ms. Robeson Hannan,

We will be filing a response to the Motion to Compel to clear up Mr. Chen's summary of our recent email exchange, his recollection of the conversation at the hearing, and interpretation of the transcript.

However, in sum, the point at which the initial Feb 13th date was indicated as achievable by the Applicant was premised on an initial understanding of the parties' available dates for continuance of the hearing to be in mid-March. When those dates ended up not working out for Ms. Riefberg and I believe another party of record, we had to look at April dates. As a result, at the end of the hearing, I requested clarification from the Hearing Examiner of the submission date as a result of the shifting of dates, to which the response was March 6th... see transcript at page 68-69.

MHG's survey efforts focused first on the offsite intersection improvements at Royal Dominion due to the time sensitivity of getting the associated FCP filed with M-NCPPC as soon as possible. Due to the unexpected snow in the last week of January and ongoing frozen conditions of late, MHG's surveying efforts of the existing conditions/improvements on the School campus were significantly hampered/delayed. We expect to have plans available by March 6th which is consistent with the full breadth of the discussion at the hearing and not just the initial date that was premised on mid-March hearings.

I hesitate to comment on this without a response from you, but I interpreted the transcript as meaning that you would file revised plans on February 13, 2026, and was about to remind you of this

Please respond as soon as possible.
