The CENTURY DP protrudes only 1.2" from the surface when recessed into a soffit. The CENTURY DP Series features low glare optics delivering between 2,900 to 8,200 lumens while only consuming 21 to 53 watts. Delivering up to 150 lumens per watt, it's the ideal canopy luminaire.

**Product Performance**

- Wattage Range: 21W-53W
- Input Voltage: 120-277V or 277-480V
- CCT: 3000K, 4000K or 5000K (Amber and custom CCT available)
- CRI: Minimum 80 CRI standard (custom CRI available)

- Input Voltage: 120-277V or 277-480V
- CCT: 3000K, 4000K or 5000K (Amber and custom CCT available)
- CRI: Minimum 80 CRI standard (custom CRI available)
- UL1598 Compliant
- 10kV Surge Suppression available
- 0-10V Dimmable Power Supply
- Available Sensor: Wattstopper FSP 211
- Custom sizes available, consult factory
- 5 year Warranty

The WDGE LED family is designed to meet specifier's every wall-mounted lighting need in a widely accepted shape that blends with any architecture. The clean rectilinear design comes in four sizes with lumen packages ranging from 1,200 to 25,000 lumens, providing a true site-wide solution. Embedded with nLight® AIR wireless controls, the WDGE family provides additional energy savings and code compliance.

WDGE2 delivers up to 6,000 lumens with a soft, non-pixelated light source, creating a visually comfortable environment. When combined with multiple integrated emergency battery backup options, including an 18W cold temperature option, the WDGE2 becomes the ideal wall-mounted lighting solution for pedestrian scale applications in any environment.
