TRIAD

Seniors and Law Enforcement Together

TRIAD of Montgomery County

MCPD DHHS MCRD MCFRS

WHAT IS TRIAD?

Triad consists of a three-way effort among:

- Montgomery County Police
- Montgomery County Fire and Rescue Service
- The Department of Recreation and the Department of Health and Human Services

These groups work together to reduce the criminal victimization of older citizens and enhance the delivery of law enforcement services to the senior population.

TRIAD provides the opportunity for the exchange of information between law enforcement and senior citizens. It brings together community agencies to form a relationship of trust with the senior population and to jointly recognize and solve problems.

WHAT IS S.A.L.T.?

The engine that drives TRIAD is the S.A.L.T. Council (Seniors and Law Enforcement Together). It is here that the representatives of the Department of Police, the Montgomery County Fire and Rescue Services, the Department of Recreation, the Department of Health and Human Services and volunteer senior members meet monthly at various locations throughout Montgomery County. The meetings include networking, planning, and guest speakers to educate the members on crime trends and personal safety.

THE HISTORY OF TRIAD

In 1988, the International Association of Chiefs of Police, the National Sheriffs' Association, and the AARP signed a cooperative agreement to work together to reduce both victimization and unwarranted fear of crime affecting the senior population.

In surveys, seniors have consistently stated that they worry about crime and fear victimization, according to the National Association of Triads, Inc. (NATI). Unique vulnerabilities are inherent to some in the senior population.

Fortunately, many active and capable older adults are willing to invest time and energy in TRIAD. The purpose of TRIAD is to develop and implement crime prevention and education programs for older individuals.
