

# Montgomery County GreenBank

Your partner for clean energy

1

- The Montgomery County Green Bank (MCGB) is a publicly-chartered nonprofit dedicated to accelerating affordable clean energy and energy efficiency investment in Montgomery County.
- It partners with the private sector to *build a more inclusively prosperous, resilient, sustainable, and healthy community*.
- Its work supports the Montgomery County goals of reducing energy use by 25% by 2020 and reducing greenhouse gas emissions by 80% by 2050.

2

- The MCGB is the nation’s first county-level green (investment) bank!
- Independent 501(c)3 nonprofit
- Designated by the County in 2016
- County commits to invest \$14.1 million of Exelon-Pepco funds in MCGB over the next 3 years
- MCGB seeks to leverage these funds with private funding at a 5:1 ratio

- Goal of the MCGB? – Increase implementation of energy efficiency and renewable energy projects—to create jobs, economic growth, savings, asset value, and improved air quality
- How? – Through financial tools that help (1) reduce the total cost of these projects to property owners, 2) help make these investments cash flow positive from day one, and (3) provide contractors with financing options to help sell their services to more potential customers

3

<b>Commercial Loan for Energy Efficiency and Renewables (CLEER)—1<sup>st</sup> product/pilot 4Q</b> Small/medium businesses Building owners Includes distressed communities	<b>Residential Energy Efficiency and Renewables</b> Homeowners throughout county Includes focus on low and moderate income households
