OVERVIEW

As required by the Montgomery County Code, Section 11B-32, the Director must maintain a record of procurements awarded during each fiscal year. Therefore, this report includes and summarizes the number and the type of contracts and actions awarded during Fiscal Year 2015 (FY15). There is a summary section detailing charts that reflect the total dollars awarded and the total actions awarded by delivery order, field order, modification, new award, and renewal category for FY15.

The summary section also includes:

1. A summary table of the total dollars awarded and the total actions awarded for delivery order, field order, modification, new award and renewal award categories.
2. A summary table of the total dollars awarded and the total award actions by procurement type.
3. A summary table of the total dollars awarded for non-competitive non-professional and professional awards within the above award categories.
4. A summary table of the total dollars awarded for the required award categories (emergency, modifications exceeding \$25,000, bridge, public entity, and county council resolution).

The record of procurements section describes the purchase order number and action, the vendor name, the department, and the dollar value awarded.

This report provides in appendix the following information:

- (A) An update on Protests
- (B) A list of Procurement Specialists and their assigned number of contracts
- (C) A report of current Cost/Price projects
- (D) A report of contracts terminated or in dispute
