OVERVIEW

As required by the Montgomery County Code, Section 11B-32, the Director must maintain a record of procurements awarded during each fiscal year. Therefore, this report includes and summarizes the number and the type of contracts and actions awarded during Fiscal Year 2023 (FY23). There is a summary section detailing charts that reflect the total dollars awarded and the total actions awarded by delivery order, field order, modification, new award, and renewal category for FY23.

The summary section includes:

1. A summary table of the total dollars awarded and the total actions processed for delivery order, field order, modification, new award and renewal categories.
2. A summary table of the total dollars awarded and the total award actions by procurement type.
3. A summary table of the total dollars awarded for non-competitive, other than professional and professional awards within the above award categories.
4. A summary table of the total dollars awarded for the required award categories (emergency, modifications exceeding \$25,000, bridge, public entity, and county council resolution).

The record of procurements section includes the vendor name, the department, the dollar value awarded, and a listing of the goods, services, or construction procured. The dollars reported represent encumbered amounts.

This report provides in appendix the following information:

- (A) A list of Procurement Specialists and their assigned number of contracts
- (B) A report of current Cost/Price projects
- (C) A report of requests for Public Information
- (D) Glossary of Procurement Terms
- (E) County Code, Section 11B-32

"Glossary of Procurement Terms" is provided under Appendix G to assist the reader in understanding the various types of procurements, contracts and actions referenced in this report.
