Subject: Farm Solar Stakeholder Workgroup

Hello all,

Thank you for your contributions thus far to the Council's deliberations on ZTA 20-01. I am writing to inform you that you have been selected by Council President Katz and Councilmember Riemer to serve on the Farm Solar Stakeholder Workgroup. You will find additional details on the workgroup below, but please feel free to reach out to Laurie and I directly should you like to discuss further.

We strongly suggest that the workgroup adhere to the meeting dates listed below, but we can try to adjust if too many members find them unworkable. To that end, Carmen Kaarid from the Council President's office will be sending out meeting invites to each of you in the coming days.

Again, please reach out to Laurie and I directly should you have any questions. We look forward to the conversations that will follow.

Best regards,
Tommy

Tommy Heyboer
Deputy Chief of Staff
Office of Montgomery County (MD) Councilmember Hans Riemer
