Dear Jeremy,

Thanks for sharing this with me. With the greatest respect, Montgomery County farmers' opposition to Bill 52-14 just doesn't make sense and this statement underscores why. The bill exempts pesticides used to control noxious weeds, as the statement acknowledges, but it then goes on to say the AAC opposes the bill because of the need to control noxious weeds.

All the best,
George

Subject: Bill 52-14 Pesticides and the Noxious Weeds Growing in Front of the Up-County Regional Services Center

Dear County Executive Isiah Leggett,
On Behalf of the Montgomery County Agricultural Advisory Committee, please find attached the letter regarding Bill 52-14 Pesticides and the Noxious Weeds growing in the front flower beds of the Up-County Regional Services Center including a notice from the Maryland Department of Agriculture.
Please let us know if you have any questions.
Thanks J
