LINDA LEWIS

Lewis Orchards

Years In Farming: Family has been farming since 1888, Linda has been farming for 35 years.

Grows: cherries, apricots, peaches, apples, nectarines, plums, blackberries, and blueberries, sweetcorn, pumpkins, peppers, eggplant, cucumbers, okra, green beans, tomatoes, broccoli, and squash

Why Those products: There is great pride that comes from being able to grow things for people to eat.

What's special about Lewis Orchard: It's the quality of the crops and not the quantity. We grow what we can sell so there is no waste.

What's something you've learned: How important it is to use cover crops as a means to protect the soil.

What should everyone know about farming: Farming is a 365 day job and the only days off for her are Christmas and Thanksgiving.
