[EXTERNAL EMAIL]

Hello,

I wanted to let you know how much I appreciated that the county was able to grant access for Waredaca horse trials to run their event last weekend.

I am an Australian High Performance rider preparing for the next Olympic cycle, and events like these are integral for my preparation for competing on the world stage. COVID-19 has disrupted many of our plans as athletes, but we were so glad to be able to safely compete.

Waredaca's staff made the event extremely smooth and safe. I believe they are a fantastic example for other outdoor sporting events going forward during this difficult time.

Thanks very much,
Ema Klugman
