Thank you, Jeremy. Sorry I missed you earlier today.

Attached is the flyer advertising our event. This is an activity of the Eat Well Be Active Partnership that is part of a multi-sector effort called Healthy Montgomery. We are charged with addressing the problem of obesity in the county and have been working in several areas. We have asked the Food Council to present their Food Access Survey, as well as others from the county and surrounding areas who will discuss things they are doing related to this complex problem. Please feel free to join us if you are able. Please register so we know you are coming. Thank you and so glad you are working on these critical issues.

Hello Aliza,

Thank you for coming to the building today to discuss the background on the food waste and composting regulations. Please let me know how I can help you with the white paper (Outline) that summarizes the history and background of how the County ended up where we are with restrictive zoning and court mandates.

I wanted you to meet one of my colleagues that works in the building for the University of Maryland-Extension, Linda Ashburn, RN, MPH, as the EFNEP Coordinator.

Linda is sponsoring a forum on obesity that will be held here on December 9, 2015 that you may be interested in attending.

Linda has also participated with the Food Access working group of the Food Council.

I hope that you can connect with Linda.

Take care. J
