Hello Charlotte,

As a follow up from my message yesterday I realized that I made some changes to the Draft Discussion on the Pesticide Bill that I forwarded to the AAC for the August 11, 2014 huddle up which followed the Agricultural Leaders Luncheon. I have attached your original draft and the revised draft that I forwarded to the AAC for the August 11, 2014 huddle up so you can see both versions.

Please let me know if you have any questions.

Thank you for helping me. J

Hello Charlotte,

I will be out of town at a conference starting on Wednesday and I will not be returning to the office until Monday. I will be sending out an AAC meeting announcement for next Tuesday September 16, 2014 before leave. I forwarded the attached notes to the AAC members only for the short Huddle up following the Agricultural Leaders Luncheon on August 11, 2014. The AAC took no action on the notes. If you could draft the minutes from the July 15, 2014 meeting I will look at them on Monday when I return from the conference. Thank you for helping me and let me know if you have any questions. Thanks J

Hey Jeremy,
I'm leaving tomorrow to go on vacation. I know I promised to have the full meeting minutes to you before I left – however, with trying to get everything in order before I left, I only had time to get the Pesticide Discussion and not the full minutes in working order. I was hoping you could approve this on Aug. 11th and we could approve the full meeting minutes next meeting. If there's a problem with this approach, please let me know and I'll bring my computer with me on vacation and do the full minutes.

I want to be very careful with these because I've attributed each comment to a person. I don't want to misrepresent anyone so please do a full edit/review and ask everyone to make sure I've quoted them correctly. I'm happy to make changes.

Also, please check all my "attendees" I didn't have your notes to do so.

I will be in the office all day tomorrow so I will be available to discuss before I leave.

Thanks,
Charlotte
