

Freelance Felines Questionnaire

Thank you for your interest in adopting a working cat from Montgomery County Animal Services and Adoption Center (MCASAC). “Freelance Felines” are not suitable for indoor-only living. This program saves cats’ lives while providing an effective rodent deterrent for the adopter. All Freelance Felines are FREE and come spayed/neutered, vaccinated, and microchipped.

Answer the following questions to help us recommend a Freelance Feline to you:

First Name: _____ Last Name: _____

Phone: _____

Address: _____

Email: _____

1. What is the size of the property? _____

2. What kind of structure do you intend to use for shelter for the cat(s)?
Barn Garage Warehouse Other _____

3. If the structure is not a barn and has no heat source, do you have an insulated doghouse or something similar for very cold weather? Y / N

4. How many cats are you looking for? (At least a pair is best) _____

5. Do you have dogs that run loose on the property? Y / N
If so, have the dogs been around cats before? Y / N

6. Will you accept (select all that apply):

Totally independent cats that you may rarely see (unsocialized)

Only cats that are semi-social (will hang out in visible places will likely greet them when they come into the barn, etc.)

7. Cats cannot live on hunting alone, and supplementing with cat food will not reduce their drive to hunt. Are you willing to do the “Acclimation Procedures” and then continue to provide food and water for the life of the cat(s)? Y / N

8. What is traffic like near your property? _____

9. Do you have other outdoor cat(s) on your property? Y / N
If so, are they spayed or neutered? Y / N

10. How soon are you looking to adopt? _____
