MD 185 & Montrose Drwy

Jones Bridge Rd & Spring Valley Rd

Extend Montrose Drwy or Woodlawn To Park Access / To Platt Ridge

Recommended Solutions

- Long Term
 - Alternative 3 – Construct 4th leg at Jones Bridge Road and Platt Ridge Drive
 - Access is least affected by queues along MD 185 and along Jones Bridge
 - Time to plan, design, construct; compete for funding
 - Requires involvement/cooperation of MNCPPC
 - Can not be implemented prior to BRAC action

Recommended Solutions

- Short Term
 - Alternative 2 – Install traffic signal at Jones Bridge Road and Spring Valley Road
 - Impact of queuing along Jones Bridge Road
 - Complete in advance of BRAC action; funding exists
 - Exclusively within County DOT's jurisdiction
