Existing Traffic

- Vehicles turning into NNMC from northbound MD 355 experience traffic delays (AM peak period)
- Conflicts between pedestrians and vehicles occur when traffic is entering and exiting NNMC and NIH at the same time pedestrians are crossing MD 355
- Queues on South Drive from vehicles exiting the Kiss & Ride lot and NIH block the exit from the bus loop

### Level of Service (LOS)

- A qualitative measure of operational conditions within a traffic stream, ranging from A to F
- LOS A represents optimal conditions
- LOS F represents saturated or failing conditions
