Benjamin asked if there were any concerns or items to discuss regarding the resident comments received for two applications on the agenda (2026022642 and 2026022647) and application 2025102583, which was recommended at the January meeting. Amy confirmed that all three applications meet the applicable zoning requirements. Shawn addressed the resident concerns and provided the following summary: He confirmed the applications are correctly classified as minor modifications and have undergone full zoning review. The RF EME reports were reviewed and found to be compliant with FCC requirements. Additional concerns raised regarding airspace interference, covered service, and IoT-related privacy fall outside the scope of County-regulated matters.

Amy Zou made a motion to recommend the consent agenda. Benjamin Berbert seconded the motion, and the motion to recommend the consent agenda was unanimously approved.

The meeting was adjourned.

The next TFCG meeting is scheduled for April 1, 2026, at 2 p.m.
