MEMORANDUM
April 22, 2004

TO: Distribution

FROM: Robert P. Hunnicutt, Tower Coordinator
Telecommunications Transmission Facility Coordinating Group (TTFCG)

SUBJECT: TTFCG Notice of Action for April 21, 2004 Meeting

At its meeting of April 22, 2004, the Montgomery County TTFCG voted to recommend the following applications:

- T-Mobile application to attach nine 54" antennas on the building walls at the 72' level and on the penthouse walls at the 81' level on the Spring House Condominium building located at 2201 Colston Drive in Silver Spring (Application #200404-03).
- T-Mobile application to attach nine 54" antennas at the 77' level on the walls of the Choice Hotels International building located at 10750 Columbia Pike in Silver Spring (Application #200404-05).
- Cingular Wireless application to attach up to twelve 48" dual band antennas at the 160' level of the Chevy Chase building located at 5530 Wisconsin Avenue in Chevy Chase (Application #200404-06).
- Sprint PCS application to attach nine 58" antennas at the 150' level of an existing 200' WSSC lattice tower located at 12600 Great Seneca Highway in Germantown (Application #200404-07).
- T-Mobile application to attach nine 54" antennas at the 127' level of an existing 180' lattice tower at the Troop 52 Forest Preserve located at 16100 Darnestown Road in Dawsonville (Application #200404-08).

- T-Mobile application to attach nine 54" antennas at the 123' level of an existing 131' PEPCO transmission line tower #100-N located at the 2000 Block of Goshen Road & Rothbury Drive in Gaithersburg (Application #200404-09).
- T-Mobile application to attach nine 54" antennas at the 117' level of an existing 123' PEPCO transmission line tower #666-N located at 10611 Westlake Drive in Bethesda (Application #200404-10).
- T-Mobile application to attach nine 54" antennas at the 132' level of an existing 137' PEPCO transmission line tower #660-N located at 11313 Deborah Drive in Rockville (Application #200404-11).
- T-Mobile application to attach nine 54" antennas at the 117' level of an existing 123' PEPCO transmission line tower #629-N located at 13622 Travilah Road in Gaithersburg (Application #200404-12).
- T-Mobile application to construct a new 130' monopole on the athletic field at Albert Einstein High School located at 11135 Newport Mill Road in Silver Spring (Application #200404-14).
- T-Mobile application to construct a new 100' monopole on the athletic field at Wheaton High School located at 12501 Dalewood Road in Silver Spring (Application #200404-15).

Recommendation conditioned on 1) Department of Permitting Services verifying 1:1 setback requirements are met with addition of extension; and 2) Sprint submission of a structural analysis to DPS and a copy to CTC verifying that structure can safely accommodate extension and additional antennas:

- Sprint PCS application to attach a 22' extension to an existing 120' monopole and attach up to nine 57" antennas at the 141' level. The monopole is located on the Seneca Ayr Farm property located at 13100 West Baltimore Road in Boyds (Application #200404-04).

Recommendation conditioned on Department of Permitting Services review and approval of the structural analysis provided:

- T-Mobile application to attach nine 54" antennas at the 142' level of an existing 170' monopole at Aspen Landscape located at 15710 New Hampshire Avenue in Silver Spring (Application #200404-13).
