MEMORANDUM
July 16, 2004

TO: Distribution

FROM: Robert P. Hunnicutt, Tower Coordinator
Telecommunications Transmission Facility Coordinating Group (TTFCG)

SUBJECT: TTFCG Notice of Action for July 14, 2004 Meeting

At its meeting of July 14, 2004, the Montgomery County TTFCG voted **to recommend** the following applications:

- T-Mobile application to replace an existing 60' athletic field light pole with a new 130' monopole, attach six 54" panel antennas (two per sector) on a low-profile platform at the 127' level, and reattach the ball field lights at the 60' level. The monopole will be located at John F. Kennedy High School located at 1901 Randolph Road in Rockville (Application #200406-04).
- T-Mobile application to attach nine 54" panel antennas at the 45' and 49' level on the walls of the 41' MEP building located at 15800 Crabbs Branch Way in Rockville (Application #200407-01).
- T-Mobile application to pole mount nine panel antennas at the 58' level on the walls of a 45' Hampshire West Apartment building located at 1415 Hampshire West Court in Silver Spring (Application #200407-02).
- Sprint PCS application to install three 63" panel antennas at the 126' level on an existing 134' PEPCO transmission line tower #102-S located in the 8700 Block of Snouffer School Road in Gaithersburg (Application #200407-04).
- T-Mobile application to construct a new 100' monopole and attach three 54" panel antennas at the 98' level. The monopole will be placed on Fairland Elementary School property located at 14315 Fairdale Road in Silver Spring (Application #200407-06).

- T-Mobile application to install nine 54" panel antennas (six antennas now, three in the future) at the 102' level on an existing 108' PEPCO transmission line tower #611-N located at 13139-T Colton Lane in Gaithersburg (Application #200407-07).
- T-Mobile application to attach nine 54" panel antennas (six antennas now, three in the future) at the 120' level on an existing 150' Sprint monopole at Sherwood High School located at 300 Olney Sandy Spring Road in Sandy Spring (Application #200407-08).
- T-Mobile application to install three 54" panel antennas at the 60' level on an existing 70' Sprint monopole at Tilden Middle School located at 11211 Old Georgetown Road in Rockville (Application #200407-09).
- T-Mobile application to install three antennas inside the monopole at the 95' level of a 120' monopole on Goshen Church property located at 7700 Brink Road in Gaithersburg (Application #200407-10).

The following recommendation is conditioned upon approval by the Historical Society:

- T-Mobile application to replace an existing 60' athletic field light pole with a new 143' monopole, attach nine antennas on a low-profile platform at the 140' level, and reattach the lights at the 60' level. The monopole will be placed on Blake High School property located at 300 Norwood Road in Silver Spring (Application #200407-05).
