MEMORANDUM

June 3, 2010

TO: Distribution

FROM: Marjorie Williams, Tower Chairperson
Transmission Facility Coordinating Group (TFCG)

SUBJECT: TFCG Notice of Action for the June 2, 2010 Meeting

At its meeting of June 2, 2010, the Montgomery County TFCG voted to **recommend** the following applications:

- Clearwire application to attach microwave dishes at the 165' level on a 220'-high lattice tower on Izaak Walton League property, 18301 Waring Station Road, Germantown (#201005-05).
- AT&T Wireless application to attach nine antennas at the 119' level on a 190' monopole on the McDonnell property, 20315 Georgia Avenue, Brookeville (#201006-07).
- Clearwire application to attach two microwave dishes and three panel antennas at the 103' and 107' levels of a Summit Hills Apartment building, 8484 16th Street, Silver Spring (#201006-08).
- Clearwire application to attach two dish antennas at the 175' level of a Westwood Towers Apartment building, 5401 Westbard Avenue, Bethesda (#201006-09).
- T-Mobile application to replace three antennas at the 240' level on a 300'-high lattice tower at Pepco Substation #118, 17101 Germantown Road, Germantown (#201007-01).
- Clearwire application to attach three panel antennas and one dish antenna at the 127' and 130' levels of an existing 140' monopole on Public Storage property, 3351 Briggs Chaney Road, Silver Spring (#201007-02).

Conditioned on approval of a Special Exception by the Board of Appeals:

- T-Mobile application to construct a new 130' high monopole on Calvary Church property, 19124 Jerusalem Road, Poolesville (Application #201003-01).

Conditioned on providing DPS and the Tower Coordinator with a copy of a structural analysis report that states the antennas can be safely attached and documentation of a legal right from MCPS to attach antennas at time of permitting:

- Clearwire application to attach five antennas at the 99' and 103' levels on an existing 122'-high monopole at Blake High School, 300 Norwood Road, Silver Spring (#201006-06).

Conditioned on construction of the replacement monopole:

- Clearwire application to attach five dish antennas and three panel antennas at the 178' and 173' levels atop a 190' tower to be re-constructed on Gate of Heaven property, 13801 Georgia Avenue, Silver Spring (#201006-10).

Conditioned on completion of the structural modifications recommended by the structural engineer prior to attachment and notifying the Board of Appeals of a change in the name of the tower owner:

- AT&T Wireless application to reposition antennas from the 160' level to the top of a 230' lattice tower on Benmar property, 23000 Whites Ferry Road, Dickerson (#201006-12).
