MEMORANDUM

March 9, 2012

TO: Distribution

FROM: Margie Williams, Tower Chairperson
Transmission Facility Coordinating Group (TFCG)

SUBJECT: **TFCG Notice of Action for the March 7, 2012 Meeting**

At its meeting of March 7, 2012, the Montgomery County TFCG voted to **recommend** the following applications:

- Sprint application to replace three antennas with six 72"-high panel antennas at the 73' level inside a faux chimney to be reconstructed on Connecticut Avenue LLP property at 8221 Garland Avenue in Takoma Park (Application #201203-02).
- Sprint application to replace three antennas with two panel antennas, one 55"-high and one 51"-high at the 98' level atop a 100'-high PEPCO transmission line tower on US Army property at MacArthur Blvd @ I-495 in Cabin John (Application #201203-03).
- Sprint application to replace three antennas with three 72"-high panel antennas and one 2'-wide dish antenna at the 167' level on the penthouse walls atop a 160'-high office building on Friendship Properties, LTD property at 5530 Wisconsin Avenue in Chevy Chase (Application #201203-04).
- Sprint application to replace six antennas with three 72"-high panel antennas and two dish antennas, one 3'-wide and one 5'-wide at the 180' level on a 230'-high lattice tower on Montgomery MVLE LLC property at 23000 Whites Ferry Road in Dickerson (Application #201203-08).
- Sprint application to replace three antennas with three 72"-high panel antennas at the 227' level atop a 16-story office building on US Government property at 10 Center Drive in Bethesda (Application #201203-09).
- AT&T application to replace three panel antennas with three 51"-high panel antennas at the 80' level on a 100'-high monopole on Petrucelli property at 14120 Darnestown Road in Germantown (Application #201203-11).

Office of Cable and Communication Services

100 Maryland Avenue, Suite 250, Rockville, Maryland 20850
240-773-2288 (CATV) FAX 240-777-3770

- Cricket application to attach three 72"-high panel antennas at the 130' and 134' levels on the penthouse walls and the roof of a 123'-high apartment building on C&C Apartments Assoc. LP property at 2445 Lyttonville Road in Silver Spring (Application #201203-12).
- Cricket application to attach three 72"-high panel antennas at the 116' level atop a 98'-high office building on Verizon of Maryland property at 13100 Columbia Pike in Silver Spring (Application #201204-01).
- Cricket application to attach three attach three 72"-high panel antennas at the 167' and 196' levels atop a 15-story high apartment building on WP Project Developer LLC, C/O Boston Properties property at 4440 Willard Avenue in Chevy Chase (Application #201204-02).

Conditioned on the monopole being constructed and on the applicant notifying the Board of Appeals of a change in the name of the owner of the monopole.

- Sprint application to attach three 72"-high panel antennas at the 105' and 95' levels on a 120'-high monopole to be constructed on West Hillandale Swim Club property at 915 Schindler Drive in Silver Spring (Application #201203-01).

Conditioned on approval from the FCC for use and activation of service for those frequencies and assignment of those frequencies by LightSquared to Sprint.

- Sprint application to replace six antennas with six 72"-high panel antennas at the 139' level on a 142'-high water tank on United States Navy property at 9500 MacArthur Boulevard in Bethesda (Application #201203-07).

Conditioned on providing written documentation at time of permitting that the MCPS has approved the changes and on DPS not issuing a permit until the applicant has obtained MCPS approval for the antenna change.

- Sprint application to replace six antennas with three 72"-high panel antennas at the 150' level on a 150'-high monopole on MCPS property at 300 Olney Sandy Spring Road in Sandy Spring (Application #201203-10).
