MEMORANDUM

February 05, 2014

TO: Distribution

FROM: Margie Williams, Tower Chairperson
Transmission Facility Coordinating Group (TFCG)

SUBJECT: TFCG Notice of Action for the February 5, 2014 Meeting

At its meeting of February 5, 2014, the Montgomery County TFCG voted to **recommend** the following applications:

- AT&T application to attach twelve panel antennas at the 107' level on a 140'-high monopole on Shurgard Maryland Properties located at 3351 Briggs Chaney Road in Silver Spring (201401-03). *Co-location.*
- AT&T application to attach twelve panel antennas at the 120' level on a 10'-high extension atop a 110' high monopole on ESS PRISA II LLC property located at 19500 Frederick Road in Germantown (201402-04). *Co-location.*
- Install an emergency power generator on the ground adjacent to the existing buildings at multiple sites with multiple property owners (201402-05). *Minor Modification.*
- Install an emergency power generator on the ground or rooftop of existing buildings at multiple sites with multiple property owners (201403-01). *Minor Modification.*

Conditioned on the applicant providing written approval at the time of permitting that the public schools has approved the attachment of the antennas and use of additional ground space as proposed.

- Verizon application to attach twelve panel antennas at the 120' level on a 150'-high monopole on Montgomery County Public Schools property located at 300 Olney Sandy Spring Road in Sandy Spring (201401-02). *Co-location.*

Conditioned on the applicant providing written approval at the time of permitting that the public schools has approved the addition of the generator.

- AT&T application to install an emergency power generator at the base of the monopole at multiple sites with multiple property owners (201402-07). *Minor Modification.*
